JAIL AT WARREN IS DYNAMITED

FRANCE SEEKS PEACE IN RUHR

WOMAN SEES HER ESCORT FLOGGED

Couple Kidnaped in Streets of Macon, Ga.

CLIMAX TO DIVORCE SUIT

Pair Found by Officers on Country Road

MACON, Ga. — (Associated Press) —Her hands, tied by her assailants, Mrs. Fredericka Pace, New York, late last night witnessed the severe whipping of her companion, Lynwood L. Bright, of this city, after they had been kidnaped from their automobile by eight unmasked men and taken to a secluded spot four miles from here.

With license number of the kidnapers' car given them by Mrs. Pace, officers began search for the marauders. Police declared a thoro investigation would be made.

Bright, according to his version of the affair, was given 24 hours in which to leave the city, under penalty of death. He stated it would be impossible to comply because a week would be required to finish up his business affairs.

TESTIMONY RESENTED

Mrs. Pace told officers the kidnapers said they resented testimony of a negress in Bright's divorce case Monday.

Bright said they added blows after they charged him with an attempt to take his property away from his children. He said he could identify some of his assailants, altho he did not know them personally. Mrs. Pace was not molested further than being forced to watch the beating.

Mrs. Bright, when informed of the whipping at her hotel last night, said she "was very glad to know there were some men in the world anyway." Mrs. Pace declared before officers that "Mrs. Bright knows all about this kidnaping."

The kidnaping occurred near the Tabernacle Baptist church. Residents were aroused by what seemed a fist fight and reported the matter to the police. Investigation disclosed a deserted motor car in which the laundry bundles bearing Bright's name were found. Several persons then told police that the deserted automobile had been "pocketed" by two other machines and then came the clue to a kidnaping. Deputy Sheriffs immediately were ordered to search the vicinity.

SECNOD KIDNAPING

The scene of the kidnaping was near where Dr. Eugene Schreiber of Boston was kidnaped several months ago. Residents who saw both attacks said the circumstances in last night's affair were almost identical with the Schreiber case, even to the type of automobiles used.

Bright and Mrs. Pace were found by deputies walking towards Atlanta. They said the route taken to the scene of the flogging was circuitous and had confused their sense of direction.

After relating the incident to police, Mrs. Pace was taken to her hotel, and Bright left without stating his destination. He was suffering from flesh wounds caused by the lash, and it was understood that a doctor had been summoned to give him attention.

Mrs. Pace lives with her mother at 437 Fort Washington-av, New York city. She recently figured in a suit brought by Mrs. Bright for alienation of her husband's affections. The case was settled out of court. Mrs. Pace said she came to Macon to protect herself against anything Bright might be brought up in the Bright divorce case. She was not called to the stand.

MINERS ARE HIT

Blamed for High Prices by Coal Operators

WASHINGTON — (Associated Press) — A special committee speaking for the bituminous coal operators informed the coal commission in a brief filed today that in their opinion the policies followed by the United Mine Workers of America constituted the chief deterrent to satisfactory conditions in the coal industry.

Recent periods of coal shortage and high prices, the brief declared, could be "directly traced" to the miner's union and the railway unions associated with it. It was charged that acts of intimidation and violence on the part of the United Mine Workers "are not sporadic but systematic" and that the resort to such methods is calculated to perpetuate a "monopoly" of mine labor.

FAMILY ABSENT, THIEVES ROB GEORGE BARTEE HOME

A brown suit of clothes, black traveling bag and soft hat were taken early Wednesday evening when the home of George Bartee, at the rear of 841 W. High-st, was entered.

Police investigating found no clues to trace the thief who robbed thehouse before 10 o'colck, while the family was absent.

PLANS READY FOR NEW APARTMENT

First Kitchenette Project to be Erected Here

AT CENTRAL-AV AND HIGH-ST

$50,000 Structure by Allen Construction, Finance Co.

Lima's first kitchenette apartment house will be ready for tenants August 1.

Plans for a three-story structure at the northeast corner of High-st and Central-av the two upper stories of which will provide 12 kitchenette apartments, have been completed by the Allen Construction and Finance company and work will begin within a few weeks. The building will cost about $50,000.

The top floor of the new building is already leased, officers of the company said Thursday.

The lot, which is owned by Robert B. Tolan, 823 W. Market, has a 50-foot frontage on Central-av and a 70-foot frontage on High-st. Four business rooms will occupy the ground floor, one facing Central and three facing on High.

The kitchenette apartments will each provide one large living room with a Murphy bed, a kitchenette, with gas range, dining alcove, dressing room and refrigerator. They will rent at $40 to $50 a month.

Applications for the business rooms are being received officers of the Finance company stated.

WILL MEET DEMAND

The Tolan apartments will provide Lima with its first small, furnished apartments. The smallest furnished apartments in the city at present are three, four and five rooms. There has been an insistent demand for kitchenette apartments it is stated, and this is the first attempt to fill it.

Two residences on the same lot, east of the new building and facing on High-st, will be remodeled by the Allen Construction and Finance company into four apartments when the new building is completed.

Plans are now being drawn by the same company for the remodeling of the old Crumrine-bldg, on the west side of Main-st, south of Kibby, into a modern apartment house, with 12 kitchenette apartments on the second and third floors and two business rooms on the ground floor. These apartments will be similar to those in the Tolan-bldg and will rent at $30 to $40 a month.

An entire new front will be constructed and considerable remodeling of the interior will be done. Work will start about the middle of May. The building is the property of George B. Walthers.

TWO SURRENDER

Georgia Klansmen Answer Warrants Charging Larceny

ATLANTA, Ga. — (Associated Press) — T. J. McKinnon, chief of the investigating department, and N. W. Furney, cashier of the Ku Klux Klan, surrendered themselves early today in answer to warrants sworn out by E. J. Jones, as associate of Emperor Simmons, charging larceny after trust.

McKinnon was charged with embezzlement of $27,000 and Furney of $80,000 of funds belonging to the klan. They were released on bonds of $1,000 each.

Both are officials under Imperial Wizard Evans.

DRY LEAGUE BILLS UP FOR ACTION

Finefrock Measure Comes Before Ohio Senate Today

HITS WOMEN VIOLATORS

Conspiracy Act is With House Judiciary Committee

COLUMBUS — (Associated Press) — The general assembly was expected to give indication today whether or not it would round out the legislative program of the Anti-Saloon League by the passage of two more measures sponsored by the dry organization.

The Finefrock bill, already passed by the house, and which would permit imprisonment of women in the Marysville reformatory to serve sentences for liquor law violations and allow counties to have male prisoners work out fines on the roads, was to be taken up by the senate late today.

CONSPIRACY MEASURE

The conspiracy bill, first passed in the senate then defeated upon a reconsideration, and later introduced in the house, was to be considered by the house judiciary committee in a second attempt to report it out. A deadlock resulted in the committee on Tuesday when the bill was up for consideration, six members voting to report the measure and six voting against it. The committee has fifteen members and eight votes are required to take the measure to the floor of the house.

Those who sought passage of the conspiracy bill, which in its present form would impose prison sentences and fines upon any two or more persons who conspire to violate state laws, were prepared today to offer amendments narrowing down its application to certain classes of offenses, including violation of liquor and election laws and various forms of bribery, if necessary to make concessions to get it to the floor of the house.

BILLS PASSED

Ignoring the recommendations of Governor Donahey that no reappraisal of real estate for taxation purposes be made on account of inflated war-time values, the house of representatives yesterday passed and sent to the senate the bill by Representative McDonald, Republican, of Montgomery-co, providing for a reappraisement in 1924 and every eight years thereafter.

The house also reconsidered its action in defeating the Marshal uniform traffic code and yesterday passed it by a vote of 89 to 7, but not until amendments had been adopted eliminating the age requirements to drive an automobile and also the requirement that each driver of the machine be certificated. The house last night defeated the bill by Representative Brenner of Cleveland that would have required all church property to be taxed as other property. The measure received only 22 affirmative votes.

NEW PACT WITH BRITAIN SOUGHT

Important Concessions Are Offered in Conference

WOULD CUT REPARATIONS

International Loan to Germany Included in Plan

LONDON. — (United Press.) — France today sought agreement with Great Britain on the reparations question and an end of the Ruhr deadlock.

The French are understood to have made important concessions with a view to renewing the Franco-British entente.

Louis Loucheur, leading industrialist of France, conferred for two hours with Premier Bonar Law at Dawlish. For two days he has been in secret conference with Stanley Baldwin, acting premier in Bonar Law's absence from London. Loucheur also spent last week-end with former Premier Lloyd George.

An important change in France's Ruhr and reparations policies is believed to have taken place.

Loucheur, a former cabinet minister, is an unofficial envoy, but, in view of his tremendous power in France, none could speak with greater authority for his country.

AGREEMENT REACHED

It is reliably reported that Loucheur and Baldwin reached a quasi agreement regarding compromise of French and British views.

The British press has no details of Loucheur's conversations with Bonar Law, Lloyd George and Stanley Baldwin but believes agreement between France and this country has been reached on the following basis:

1—Reduction of reparations to a considerably more moderate figure than is present.

2—Reparations to be devoted largely to rehabilitation of devastated regions.

3—Germany to assume the allies' indebtedness to the United States and to receive an international loan.

4—Creation of a western Rhineland buffer state which will be part of the Reich, but free from Prussian control.

Loucheur motored secretly to Chequers, country estate of British Premiers, Tuesday and there conferred at length with Stanley Baldwin, after which unofficial reports that agreement had been reached were put in circulation.

'COURTESY WEEK' IS PLANNED

Kiwanis Organization Sponsoring Movement in Lima

Cooperating with Kiwanis International, the Lima Kiwanis club will sponsor "Courtesy Week" in this city, April 15-2, inclusive.

Officers of the local club are making arrangements for an extensive campaign here to bring about more courtesy, particularly in business. Observance of this week is not to be an exclusive Kiwanis affair, but will embrace every activity and programs are being mapped out to make it one of the most comprehensive undertakings ever attempted.

Business men, school authorities, service corporations, in fact every organization dealing with the public will be asked to cooperate as well as individuals.

It is the belief of the international organization of Kiwanis that courtesy is becoming a lost art with our rush and bustle for business. It is to overcome this tendency that clubs thruout the country will sponsor this movement.

Arrangements for local observance are being worked out by Frank Pringle, secretary of the Lima club, and a committee named to assist him.

Harding To Be Farmer When He Leaves The White House

Will Reside at His Birthplace Near Marion

PURCHASES OLD HOMESTEAD

Much of Time to be Spent in Writing

MARION, Ohio — (Associated Press) — When he leaves the White House, President Harding plans to return to the scenes of his early childhood to become a gentleman farmer and spend much of his time writing.

This was announced here today by the president's close home town friends, following his purchase yesterday of the farm in North Bloomfield-tp, Morrow-co, where he was born. The purchase consists of 265 1-2 acres and was made by French Crow, Marion postmaster and intimate friend of the president.

The original Harding farm where the president was born consists of 185 1-2 acres and is far away from any railroad, it is about a twenty mile drive from Marion. The land is described as rolling, with corn the principal crop. The house in which the chief executive was born is still standing, altho in a bad state of decay. At present it is being used as a storage space for farm machinery. Whether President Harding plans to repore it, is not known to his friends.

WILL VISIT FARM SOON

President Harding has told close friends that he expects to visit the farm in July and possibly sooner, to plan improvements. Friends say that contemplated improvements include a modern bungalow and a golf course.

The farm was purchased from Harry E. Erickson, who has owned it for several years, and whose wife is a second cousin of the president. It immediately adjoins the quiet little village of Blooming Grove, a town of about 200 persons where the president obtained his first schooling. The village of Blooming Grove was laid out and founded by Simon E. Harding, a great uncle of Warren G. Harding.

President Harding lived on the farm until he was seven years old, when his family moved to Caledonia in Marion-co, about ten miles northeast of this city.

EARLIEST AMBITION

His first impressions and recollections were obtained there. It was there that he played about his daddy's barnyard as a chubby-faced little fellow. He first experienced the joys of the "old swimmin' hole" on the farm in a little creek that cut thru the 185 1-2 acre tract.

The president's father, Dr. George T. Harding, Sr., who is a practicing physician here, today told of the president's earliest ambition. He wanted to be a fisherman. The desire came from frequent fishing trips with his daddy in the creek running thru the home farm. Intimate friends say the president never has become a good fisherman, altho he plays at the sport at times.

Announcement of the president's purchase developed the fact today that Dr. George T. Harding, Jr., of Columbus recently purchased the birthplace farm of his mother, who was a Dickerson. The old Dickerson farm three miles south of Blooming Grove, consists of 99 acres.

HOPKINS TURNED DOWN BY VOTE

Donahey Appointment Opposed by Senate Committee

COLUMBUS — (Associated Press) — The senate rules committee today decided to report unfavorably the proposal that the senate confirm the appointment of W. A. Hopkins, Democrat, of Cincinnati, as a member of the state public utilities commission to succeed C. C. Marshall, Democrat, of Sidney.

The action of the committee was said to have been taken by a vote of 5 to 1, Senator Earl F. Ferguson, Democrat, of Van Wert, casting the single negative vote.

Hopkins' name has been before the committee for several weeks and the failure of the senate to act on it has been touched upon in several of Governor Donahey's messages.

The chief executive yesterday asked that an investigation of the appointment be made following charges made on the senate floor by Majority Leader Kryder that Hopkins had been selected at the behest of "one of the meanest monopolies of the state." Hopkins' appointment had been made without solicitation on the part of Hopkins or other persons, the governor declared.

The governor in his message yesterday urged that the senate either confirm or reject the appointment. The committee's report will be made to the senate this afternoon and was expected to be acted upon immediately.

An attempt on the part of Democrats to have the investigation of the appointment made, was anticipated.

ANOTHER GHOST HOUSE

WISBECH, Eng. — The eight-room home of Joseph Scrimshaw, a fruit farmer near here, is under surveillance after he reported to authorities that furniture had been flung about the rooms and $1000 damage was done by unknown hands during the night. THREE PRISONERS BADLY HURT

Building Partially Wrecked in Attempt to Escape

35 PERSONS IN STRUCTURE

None Makes Getaway Before Officers Arrive

WARREN, Ohio. — (United Press) — Three prisoners were badly hurt today when they tried to escape from the jail by blowing up the walls with dynamite. None of the prisoners got away.

The victims are:

Pete Dragich, held on a charge of suspicion in connection with the murder of Joe Dobronich at Bloomfield, face badly cut.

Jake Buhle, Cleveland, arrested at Newton Falls yesterday on a charge of non-support, legs mangled and otherwise injured.

Fred Hunter, Warren, sentenced yesterday to seven years in the Mansfield reformatory, after conviction on a charge of automobile stealing.

TEN IN CORRIDOR

Ten men were in the corridor from which the blast was placed but all but three men hurt, retired to their cells before the fuse was exploded.

A small hole a foot long and less than six inches in depth was torn in the wall but the exit was too small for a man's body to pass thru. There were 35 prisoners in the jail at the time of the explosion.

Awakened by the blast Sheriff Thomas and deputies summoned city police and guarded the cowering prisoners while an investigation was hurriedly made.

DYNAMITE SMUGGLED

It is understood that Thomas obtained from prisoners not concerned in the attempt, full details of the plot.

The dynamite had been smuggled into the jail by friends of one of the prisoners. No preparatory work was done, but when the appointed hour came the charge was placed at the spot where two stone walls join and a mattress placed against it. The charge was then set off.

Beds were broken and flying debris found its way to every corner of the corridor.

Sheriff Thomas would give out no statement except to say that the attempt was a failure and that the men concerned would be placed under special guard.

STATE AUDITOR IN LIMA, INJURED

Joseph T. Tracey Has Ribs Broken in Car Derailment

State Auditor Joseph T. Tracey, while in Lima Wednesday night, was suffering from three broken ribs the result of being thrown from a seat in an interurban car when it split a switch near Celina. The car was derailed and the schedule of the party was disarranged.

SUFFERED SEVERELY

Several other members of the party are nursing bruises and minor cuts as a result of the accident. Representative Holloway of Trumbull-co, had his hand badly cut by broken glass.

The front trucks of the car remained on the main line, rear trucks going onto a sidetrack. Chairs and tables were overturned in the car and members of the party were thrown to the floor.

Altho suffering intensely, other members of the legislative body with which Tracey had visited St. Marys and Celina, did not know that he had been hurt. It was not until after the party reached Columbus at 1 a. m. Thursday that a physician found the state offical had three ribs fractured.

Members of the party expressed regret they did not know of Tracey's condition, or they would have had him removed from the car here and taken to one of the hospitals.

The finance committee of the lower house of the general assembly came to Lima Wednesday, aboard a special car, over the I. C. & E. Railway, from Columbus, and transferred to the Western Ohio. They were met here by Probate Judge Lawrence Brodbeck of Auglaize-co, and W. O. Smith, banker and G. O. P. political leader in St. Marys.

IMPROVEMENT SOUGHT

The visit to Auglaize and Mercer cos was made by the legislative party to ascertain the needs of Gordon park, state property at the northeast corner of the reservoir, for which the Western Ohio Fish and Game Protective association has asked an appropriation.

The party was entertained at lunch at the Fountain hotel in St. Marys and were later accompanied over the state project by August Grauer, president of the Western Ohio Fish and Game Protective association, Mayor W. H. Swift and others.

At Celina, the body considered an appropriation sought for west shore improvement at the reservoir.

Returning to Columbus, the party of 50 was in Lima a short time Wednesday night. The injured state auditor was unable to leave the car.

DEAD PERSONS MADE TO LIVE AGAIN

CHICAGO — (United Press) — The dead can be made to live again by injection of adrenalin, an extract of the adrenal glands, into the heart within eight to ten minutes after death, providing the cause of death is removed. Dr. Dennis W. Crile, Chicago, who with Dr. G. W. Crile, Cleveland, originated the method, declared today.

Dr. Crile in a report to the Chicago Medical Society and the Chicago Society of Anaesthetics, said that the resuscitation method had been applied on persons pronounced dead and the subjects are now living.

Inasmuch as removal of the cause of death is most essential the injections are of greatest value in the operating room where patients die under anaesthetic, Crile asserted.

Dr. Crile said so far he has used his treatment only on persons officially pronounced dead.

"Hereafter, I propose to employ it upon persons who are dying," he stated. The method calls for large injections of the gland extract directly into the heart with a hypodermic needle.

"It can be used in cases other than dead from anaesthetic where cause of death can be removed quickly," he continued.

Experiments have been conducted with adrenalin for several years by the two doctors, Dr. Dennis Crile disclosed.

First tests were made upon dogs, and four years ago, the first actual indications of success were obtained on humans. First actual use, he said, was in Belgium, where soldiers terribly wounded by shrapnel ceased breathing on the surgeons table. The men were said to have been successfully revived.

Dr. Nelson M. Percy gave details of a case where a patient dying in the operating room was revived and lived for six hours after the treatment.

... Help in Transferring ... Sewer Boiling Cost

... POINTS INVOLVED

... to Rule on Abandonment of Assessments

... of the Lima Realtors association in placing the cost of construction of the intercepting sewer and sewage disposal system, estimated at $2,500,000 on general taxation instead of on special assessments against abutting property owners was welcomed at city hall Thursday.

About 400 copies of the report of the realtors' committee adopted by the association, will be mailed out to associate members of the board, banks, building and loan associations, industrial concerns, luncheon clubs, building material men and civic organizations. The report urges that every effort be made to effect the change. The assessment plan labeled "unfair" and "impossible."

The city commission has taken the position that no sewer more than 10 inches in diameter should be assessed against abutting property owners. Anything smaller than 10 inches is considered a local benefit and should be paid by the owners, according to the commission, but larger sewers are of general benefit and should be paid by general taxation.

CITY INVESTIGATES

The commission has been investigating for some months the legal phases of the question. City Solicitor Paul Landis made trips to Toledo and Cincinnati to learn what steps are required to transfer the cost. He is still working on his report and could not say Thursday when it would be ready, nor would he indicate what his findings will be.

Outstanding notes for the sewer project, estimated by the city manager to amount to two and a half million, run until 1925. These notes are practically the same as bonds. When they mature in 1925, or sooner if the commission sees fit, they were to be refunded by bonds issued in anticipation of special assessments.

If it is found that there are no legal bars, the probable procedure will be to refund the notes with general taxation bonds. Legislation passed by the city commission on the project will also have to be repealed and other legislation substituted.

SCARLET FEVER GAINS IN OHIO, REPORT SHOWS

Scarlet fever is on the increase, reports received Thursday by Dr. J. J. Sutter, county health commissioner, indicate. Records for the last half of March show the total number of cases in Ohio increased from 643 to 814 during that period. The disease is more prevalent in the northwestern section of the state than in any other, the report also states. The records show 11 cases in Allen-co.

Influenza cards totaling 189 were tacked up thruout the state the last half of March, statistics show, but no actional cases of smallpox. Cases of communicable diseases in Allen-co reported fo. the month of February were: Diphtheria, 4; influenza, 131 scarlet fever, 9, and smallpox 2.

CITY WAITS WORD ON SEWER JOB

Bonding Firm on Contract B Meets in Cleveland

Work is expected at city hall Friday from the Royal Indemnity company, New York, on what action that company will take toward completing the work on sewer contract B, sub-let by the Fred R. Jones Construction company to Hugh Wiley, who has abandoned the job with two-thirds of it unfinished.

A conference was held in Cleveland Wednesday between the Jones company and representatives of the indemnity company, where further action on the sewer contract was to be determined.

The city manager gave the indemnity company, fifteen days notice on March 14, calling attention to the fact that the work was not progressing and stating that unless action were taken by the first of the month, the city would avail itself of the remedies provided by its contract.

The contract let to the Jones company required completion of the work by April 17, 1924. Half the time is gone and only one-third of the work is done.

Excavation completed has laid unprotected for more than a month and rains have caused many caveins. Loss estimated at nearly $100,000 which must be borne by the indemnity company, it is stated has been caused by the failure of Wiley to carry on the work. The Jones bid, which won the award, was $339,390.

RELIGIOUS INSTRUCTION PLAN FOR SCHOOLS TO BE DISCUSSED BY CHURCHMEN

Further discussion of the proposal to institute a course of religious education in Lima public schools will probably take place at the weekly meeting of the Church Council club at the Y. M. C. A. Friday noon, it is stated.

A plan now under consideration by the council of religious education considers requesting the school board of Lima to authorize dismissal of all pupils for one period a week. This period will be devoted to a course in religious education at the various churches. Should the proposal meet the approval of the school boards, it is planned to inaugurate the course at the beginning of the fall term.

SEVEN-YEAR OLD BOY, BLIND AND DEAF, IS SOUTH DAKOTA WONDER

SIOUX FALLS, S. D. —(Special)—Tad Chapman, 7 has earned the title of "South Dakota's little wonder."

Because Tad, though deaf and blind since he was 3, leads as active a life as any boy of his age—and is far brighter than many of his older fellow pupils in the State School for the Deaf here.

Tad knows 50 commands and can take them in combination and the names of 150 objects.

His spoken vocabulary consists of 138 nouns and pronouns, 43 verbs and 8 adjectives. He can count to 50 and knows the combinations of 10.

He knows 20 question forms and the expressions—"Goodnight," "How do you do?" "thank you," "you are welcome,' and the like.

Tad has made marked progress with the typewriter, using sandpaper letters as a basis. He knows all the keyboard positions and can write sentences like: I hopped, I ran, I fell, I bounced a ball.

Tad can dance, too, and in the winner enjoys making a snowman on the grounds as well as the boys that have their sight.

INDUSTRIAL DEVELOPMENT BODY FOR COMMERCE BOARD HEADED BY FITZGERALD

Notification of appointment of members of the industrial development committee of the Board of Commerce was given Thursday noon at the weekly meeting held at the Lima club.

Members of the committee, who will work with the city and county officials in the development of local industries are: W. J. Fitzgerald, chairman; H. E. Simonton, Rev. Samuel Huecker, Joel Spyker. A fifth member will be selected by the chairman. The committee will start to function immediately, J. E. Morton, manager of the Board of Commerce, stated Thursday.

In addition to the announcement of committee appointments, discussion of methods of handling authorization cards for solicitors occupied part of the routine business of the meeting.

Mark Kolter, in charge of the program for the formal opening of the Board of Commerce's new quarters April 12, presented plans for the evening's entertainment.

WATER WORKS RECEIPTS SHOW MARCH INCREASE

A gain of $632.05 in receipts over March of last year was made by the Lima Water department, according to the March report of W. E. Booth, department secretary. Total receipts in March this year were $20,441.14, compared to $19,759.09 in March 1922.

Quarterly bills totaled $10,807 last month and monthly bills $8,517.

CONSPIRACY CHARGED

CINCINNATI.—Bernard T. Kotzin and Leon L. Stern, alias Leon L. Stearns, who formerly were in business in Cincinnati as "The Success Service Company," were named in two indictments returned today by the U. S. grand jury to Judge Smith Hickenlooper. Conspiracy to use the mails to defraud is the charge.

HOSPITAL PLANS MAY HIT SNAG

Hardin-co Won't Join District Commissioners Declare

FIGHT ON FILES IS CAUSE

Excluded Year Ago, Officials at Kenton Say

Plans for enlarging the Tuebrculosis hospital district may encounter a snag, because of the fight being made on the superintendency of Dr. C. A. Files, it was learned Thursday upon receipt here of a statement from Kenton.

Hardin-co, one of the five or six counties which are to be invited to join the district, will probably not accept, according to statements made by county officials at Kenton.

They point out they have no desire to be drawn into the Files controversy and will likely reject any invitation made to them.

No formal action has been taken so far by the committee appointed to secure new counties. The committee comprises Walter W. Craig, president of the joint board of commissioners; Frank Custar, secretary and Dr. C. A. Files.

PLAN EXPANSION

The committee plans to go before the county commissioners of other counties and present its plan to join with the quintet of counties already in the district.

Beside Hardin-co, Putnam, Paulding, Hancock and Defiance-cos are to be invited.

If the other counties come in, the hospital will be able to care for many additional patients. There are now only 30 in the institution, despite the fact that there are more than 1,800 known tubeculosis cases in the district. Allen-co has 880, with 20 persons at the institution.

More than one year ago, Hardin-co officials say, they considered entering the district, but were excluded. No wthey are reluctant to listen to any proposal. Hardin-co patients are receiving treatment in a sanitarium in Mt. Vernon.

VERDICT AWAITED

Jury is Deadlocked in William Foster Case

ST. JOSEPH, Mich.— (United Press) — The jury in te trial of William Z. Foster, alleged communist, was apparently deadlocked this afternoon.

The 11 men and one woman will probably be kept locked up for another day in an effort to force them to reach a decision, Judge Charles E. White indicated.

The men's hair was dishevlled Altho the face of Mrs. Minerva Olsen was flushed, she appeared the calmest in the jury. She was reported leading the faction holding out for acquittal.

Gossip in the court room was that the ballots stood at 6 for acquittal and 6 for conviction.

WOMEN BETTER SHOTS THAN MEN, CHAMPION MARKSMAN DECLARES

MODESTO, Calif.. —(Special)—Men, as long as wives threaten you only with the traditional rolling pin, you can go on reading the sports page in comparative safety.

But if she picks up a rifle, shotgun or pistol—

Then you'd better remember that you have a, pressing business engagement elsewhere.

Don't laugh at her and tell her she couldn't hit the broad side of a barn.

Because women are the world's coming marksmen. They're going to shoot better than men.

"Because they have steadier nerves," says Mrs. Avilda Robinson, woman dead-shot here. "As a rule they don't smoke, you see."

Mrs. Robinson, a member of the Modesto Rifle club, recently scored 108 out of a possible 125 here, defeating every man on the range.

Her best rifle record thus far is 113 out of a possible 125.

And with a revolver? Why the often shoots jack-rabbits on the run.

BANQUET PLANNED FOR HOOVER-BOND EMPLOYES

All members of the Hoover-Bond Furniture store's organization will attend a company banquet Thursday evening at 6 o'clock at the Argonne hotel.

Other guests will include representatives of other furniture houses of Lima.

Special music will be provided.

WHISKY TAKEN IN HOLDUP

CHICAGO — Four armed bandits held up a dozen railroad employes today while four confederates loaded a truck with whisky taken from a car load of lettuce. The robbery occurred in the downtown freight yards of the Pennsylvania railroad.

TWO KILLED

PORTSMOUTH — Ben Winters, 45, and E. C. Howard, 31, were instantly killed when crushed thru the chest and abdomen while working in the Norfolk and Western car repair yards this afternoon. The men were under cars which were moved by a switching crew.

After this date I will not be responsible for debts contracted for by anyone other than myself.

All Fat People Should Know This

Fat people owe a debt of gratitude to the author of the now famous Marmola Prescription, and are still more indebted for the reduction of this harmless, effective obesity remedy to tablet form. Marmola Prescription Tablets can be obtained at all drug stores the world over at the reasonable price of one dollar for a case, or you can secure them direct on receipt of price from the Marmola Co., 1812 Woodward Ave., Detroit, Mich. This now leaves no excuse for dieting or violent exercise for the reduction of the overfat body to normal. —Adv.

This, the only monument in America dedicated to Adam, was erected by John P. Brady on his estate near Baltimore. A modern daughter of Eve is seen regarding it.

CLAIMS PART OF NEW YORK CITY

Cincinnati Man Declares He is Heir to Land

CINCINNATI.—(United Press). Warren Edwards wears a blue uniform, and drives a police patrol for the city of Cincinnati. If Warren Edwards owned the Woolworth building, or any one of the skyscrapers in New York's financial district, he probably would have a valet to care for his extensive wardrobe of tailored clothes.

Edwards claims a share in the Woolworth Building. His hopes to establish that he is entitled to part ownership in the property which is the financial district of New York city.

Edwards is one of the descendants of Robert Edwards. Robert Edwards was rewarded by King George III for bravery in the Indian wars. The king gave him 160 acres of land. Robert Edwards chopped down trees and planted corn.

What was the Edwards farm now is the Gotham financial district. The 160 acres of land extend from the Battery to Park Row and from Broadway to the Hudson River.

One billion dollars. That is what the land is worth. It is the most valuable property in the world. On it are the biggest buildings in the world. It sells at a higher price a front foot than any other land in the world.

Warren Edwards and other descendants of Rob. Edwards will meet Friday at 1 p. m. in the Gibson Hotel to lay plans to establish the ownership of the land.

TO ATTEND MUSIC MEET

Mark Evans, 730 W. Elm-st, music master, will go to Cleveland Monday to attend a meeting of the National Music supervisors' organization. Sessions will continue until Friday. Every state in the union will be represented at the convention.

How He Cured His Rupture

Old Sea Captain Cured His Own Rupture After Doctors Said "Operate or Death."

His Remedy and Book Sent Free.

Captain Collings sailed the seas for many years; then he sustained a bad double rupture that soon forced him to not only remain ashore, but kept him bedridden for years. He tried doctor after doctor and truss after truss. No results! Finally, he was assured that he must either submit to a dangerous and abhorrent operation or die. He did neither! He cured himself instead.

Captain Collings made a study of himself, of his condition—and at last he was rewarded by the finding of the method that so quickly made him a well, strong, vigorous and happy man.

Anyone can use the same method; it's simple, easy, safe and inexpensive. Every ruptured person in the world should have the Captain Collings book, telling all about how he cured himself, and how anyone may follow the same treatment in their own home without any trouble. The book and medicine are FREE. They will be sent prepaid to any rupture sufferer who will fill out the below coupon. But send it right away—now—before you put down this paper.

17 CENTS IN SAFETY DEPARTMENT'S TREASURY

EAST YOUNGSTOWN—Whether this city of 12,000 will have police protection after today is to be decided at a meeting Saturday to discuss plans of police to quit on account of not receiving pay.

The men had announced they would quit Tuesday but were persuaded to stay on the job until Saturday. The safety department's treasury contains just seventeen cents.

The city also faces the prospect of losing water, light and power service unless it can raise funds to pay its overdue bill of $20,000.

MAIN-ST SEWER BIDS TO BE RECEIVED APRIL 28

Bids for the construction of the Main-st and Public-sq relief sewer, contract 13, will be opened at city hall April 28.

Books containing specifications, bonds and proposal blanks were received Thursday. The project will cost $72,000, of which the city will pay $12,000 for intersections plus two per cent of the total.

DONAHEY'S PL... IS ACCEPTED

Requested Utilities Legislation is to be Enacted

COLUMBUS—(Associated Press)—A caucus of the Republican members of the house of representatives this afternoon decided to enact utilities commission legislation requested by Governor Donahey, requiring the writing of decisions in rate cases and the giving of reasons for decisions. The caucus also decided to enact requested legislation requiring the commission to hold inquiries in cities where rates are questioned and to appropriate additional funds for the employment of experts in rate cases.

* * *

Rural members of the house of representatives today voted almost solidly against approving a plan whereby the state highway department would be authorized to plant trees and shrubbery along the public highways. They contend that the shade would keep the roads damp and thereby make them more subject to damage by heavy hauling and that the shade also would ruin the productiveness of the lands adjoining the roads. The bill providing for the planting, introduced by Senator Burch of Akron, had been passed by the upper branch of the assembly.

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and disease symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

NUXATED IRON

is an eminent physician's best blood prescription, standardized. It is recommended for all anaemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

DON'T GET UP NIGHTS

This Symptom Tells You There Is Danger Ahead. J. H. Dorton Relieved at Seventy

J. H. Dorton, W. Graham, Va., says: "I was told that getting up nights was a disease that belonged to old people. I have found different. I have taken Lithiated Buchu (Keller formula) a short time and now I am normal. I have been troubled for 40 years. Will gladly tell anyone personally."

Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out, relieving the bladder of many abnormal deposits. These tablets cost 5o apiece. This price makes it possible to place in the formula several drugs which are useful for relief. The formula is on the package. It is not likely you have ever taken anything similar. Try a few tablets for backache, scalding, scanty or high-colored urine, and frequent desire at night.

Be sure to get the Keller formula Lithiated Buchu at all drug stores, or write Keller Laboratory, Mechanicsburg, O., or locally at Hunter's 3 stores.—Adv.

...l Passes on Lancaster Industrial School Case

...OUNTS. INSTITUTION'S HEAD

Accused of Mistreatment to Boy Inmates

COLUMBUS. — (United Press.)— State civil service commission today sustained charges of Welfare Director Harper against Captain C. W. Rowe, head of the boys' industrial school, Lancaster.

Rowe will be removed at once. He has no further appeal.

Approval of the ousting of Rowe was asked by Harper in a letter sent the commission early in the week citing the grounds on which the removal was desired.

Harper's letter charged that Rowe was inefficient, incapable of properly conducting the institution and that under his administration there has been dissension among the officers and employes, lack of discipline in the institution and that inmates had been beaten and mistreated.

He cited the use of "dungeon cells" for boys who had violated institution rules and the use of a "bread and water" table where other boys were deprived of their usual food as punishment for disobedience.

APPOINTED BY DAVIS

Rowe was appointed superintendent of the industrial school last December by former Governor Davis, to succeed Captain R. U. Hastings, removed by former Welfare Director MacAyeal, for alleged mismanagement and inhumane treatment of inmates, following two investigations of the institution. Rowe is a Republican and formerly was asistant superintendent at Mansfield reformatory.

The appointment of Rowe to head the Lancaster institution was a promotional one and under the law he was required to serve a 90-day probationary period before his appointment was made permanent. He was subject to removal at the request of the welfare director upon the approval of the civil service commission.

The commission's action today makes the office at Welfare Director Harper's disposal immediately.

DONAHEY REFUSES TO APPROVE BRICK ORDER

COLUMBUS — Governor Donahey, thru Director of Finance W. E. Baker today refused to approve an order of the state highways department for 400,000 paving brick from the Metropolitan Brick Company, at Canton, and ordered Director of Highways Herrick to purchase the brick from the state department of welfare.

Purchase of the brick from the welfare department would save the state $5,200, it was pointed out, the price of the Canton concern being $33 per thousand and that of the welfare department $20 per thousand.

In a letter from Donahey to Herrick, the chief executive advised the highway director that he had instructed Baker not to approve the purchase and said that the construction work of the highways department where the brick were to have been used was "notoriously high."

LITTLE COMFORT IN PREDICTIONS

"Tis a gloomy outlook for April weather most of the way, according to the long range of forecasters. Cold, rainy, dismal conditions outdoors are holding back about all of nature's growth save dandelion and other hardy weeds, or bulb plants.

And there is little or no relief in sight. Rain, followed by clearing tonight. Colder in south portion. Friday fair. The gas and coal men are chuckling.

The "long rangers" declare that an undesirable state of weather will continue for the most part of the way until the 8th, with sudden dashes of rain and much wind and bluster over Middle Atlantic and New England states. Fair and frosty over states of the northwest and middle west.

From April 9th to 13th, cool spell. Rather low range of temperature for April at most points east and west. Temperature around 20 to 25.

From 14th to 18th, showery spell. General rains over southern, Middle Atlantic and New England States. Cloudy and unsettled in states of the middle west, northwest and lake region.

From 19th to 21st, warm wave. Clear days with genial warmth. From 22nd to 25th, thunder showers. Heavy rains with floods and washouts in all states of the Ohio valley. Mild wave from 26th to 30th.

If there's any April comfort to be found in that, enjoy it.

EARL KILLED BY SPIRIT GUARD?

Cause of Tut Tomb Discoverer's Death Commented on

NEW YORK — (United Press)— Powerful "elementals," or spirits placed on guard by Egyptian priests to protect the tomb of Tutankhamen may have caused the death of Lord Carnarvon, discoverer of the Pharaoh's resting place, Sir Arthur Conan Doyle declared in an interview here today.

These "elementals" Sir Arthur world's most noted exponent of spiritualism explained, are not spirits in the ordinary sense, in that they had no souls.

Conan Doyle believes the ancient Egyptians knew more of occult matters than do moderns. That priests of the days of Tutankhamen were endowed with power to create these guardian "elementals" seems well founded, he said.

A question, Sir Arthur said, is the length of time the "elementals" lasted. Whether Egyptian priests had sufficient occult knowledge to endow these spirits with eternal life, is uncertain. The spiritualist is inclined to believe the "elementals" broken up after maintaining their guard for certain periods.

BIBLE CONFERENCE OPENS

TOLEDO — Delegates from over the country were in attendance at the opening session of the Bible Conference and Missonary convention of the Christian and Missionary Alliance in annual meeting here today.

OHIO WOMAN CONTINUES TALK FOR SEVEN DAYS

COLUMBUS — A highly "nervous state" prevented physicians at a local sanitarium today from making a minute examination of the case of Mrs. William Montgomery, of Logan, Ohio, who according to Logan physicians has been talking "continuously" for the past seven or eight days.

Physicians after a preliminary examination reported that the patient was suffering from "neurosis as expressed in continuous talking, the after result of an attack of influenza."

The talk was described by attending physicians as "incoherent."

DAVIS REAFFIRMS HIS STAND FOR LABOR UNION

WARREN, Ohio. — Secretary Davis, speaking before the Amalgamated Association of Iron, Steel and Tin Workers today, reaffirmed his belief in the trade union idea, urged labor to "be slow to use the strike weapon" and declared that the twelve-hour day and the seven-day week in American industry must go.

"I have a firm belief," the secretary said, "that thru the trade union and its eternal principles of right and justice, we can establish the era of good will in American industry."

Olive Oil Shampoo Gives Soft Lustre To Dull, Dry Hair

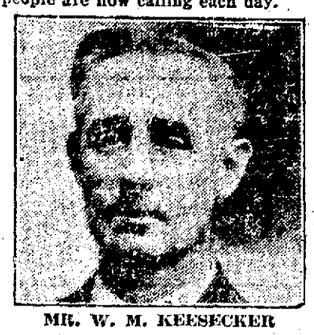

To be beautiful, your hair must have lustre. Dull, dry hair simply detracts from the most charming face. Now specialists on hair beauty tell you to use a gentle shampoo of olive oil to have hair that is soft and glossy. They say that you must never wash your hair without olive oil. Do this and see new beauty come to dry, brittle hair. Get a bottle of PALMOLIVE SHAMPOO at any department or drug store. The most delightful of olive oil shampoos. Cleanses gently, and leaves the hair lovely, gleaming, soft and pliant as a baby's.—Adv.

SAYS IT PUT HIM BACK ON FEET

Local Citizen Says the Plant Juice Has Made New Man of Him

CHANGE IS REMARKABLE

"Your Plant Juice did such good work in my case that I have recommended it to several of my neighbors and sent them in to see you and start taking the medicine," said Mr. W. M. Keesecker, of R. F. D. No. 2, Lima, while talking with The Plant Juice Man a few days ago at Hunter's drug store, 49 Public Square, where large crowds of local people are now calling each day.

MR. W. M. KEESECKER

"Before I took your Plant Juice," Mr. Keesecker continued, "I had suffered for a long time with indigestion and pains in my back from my kidneys. I bloated badly and would sometimes get to feeling hungry but my appetite would leave me as quick as I went to the table. There were many foods that I did not dare to eat at all because of the misery they caused me. I felt tired out all the time; couldn't sleep right; had pains in my limbs and was all run down in general.

"I read about your Plant Juice and started taking it and the change in my condition is nothing short of remarkable. I eat and sleep fine now. My kidneys are so much improved that I do not have those pains in my back any more and the pains are gone from my limbs, also. The tired, worn out feeling I had before is gone and I simply feel like a new man. I know that your Plant Juice medicine has put me on my feet and I can honestly recommend it to everybody."

Plant Juice is a vegetable medicine, made from roots, barks and herbs. Many people who take Plant Juice say it seems to act like magic upon the stomach, liver and kidneys. In just the past few months, this surprising medicine has given relief in several thousand cases in this section alone.

The Plant Juice Man is at Hunter's drug store, 49 Public Square, Lima, where he is daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

Plant Juice is sold also in Lima at Hunter's drug store at Main and Wayne streets and at the Argonne drug store, opposite Post Office.

Rheumatic Agony NOW EASILY ENDED

Says Mr. James H. Allen of Rochester, N. Y.

It does not matter to me whether you are disabled with cursed rheumatism or have only occasional twinges, I know that Allenrhu, my own discovery, will stop the agony, do away with the gnawing pains and reduce the swollen joints.

I know it will dissolve the uric acid deposits that have become deeply imbedded in joints and muscles and quickly drive every trace of rheumatism from your body. I know this because I was crippled for years and many times was unable to work, and Allenrhu made a well, robust, healthy man of me.

I know because since I cured myself hundreds have taken Allenrhu and speedily rid themselves of this agonizing disease.

No matter how severe your case, I urge you to put your faith in the prescription that it took me years to perfect—a prescription that made a new man of me after doctors tried and failed.

Allenrhu is no laggard; it starts right in at once; it gets into the blood, searches out the poisonous uric acid deposit and in two days starts to drive the concentrated impurities that cause rheumatism out of the body through the natural channels.

Through the columns of this newspaper, I authorize every druggist to guarantee one full pint bottle in every instance.

DIAGRAM MADE OF PARKING PLAN

More Cars Can be Taken Care of on Public Square

PARKING LIMIT SUGGESTED

Drawing at Auto Club Headquarters Shows Method

Automobile parking plans for Public-Sq. are outlined on a large diagram, on exhibit at the Lima Automobile club.

Under the system of parking tentatively worked out ,there will be room for 84 additional machines in the square. Cars are to be parked in zig-zag fashion, in the center of the square, everywhere except in the southeast corner, where one row of autos parked parallel with the car tracks will be permitted.

Plans for parking in the square were worked out by officers of the motor club, in conjunction with Chief of Police T. A. Lanker.

Parallel parking at the curb may be an innovation in the plan. The introduction of a limit on parking at the curb is also being considered.

SUGGESTS TIME LIMIT

"A limit on parking is the oly only way to deal with downtown traffic," Manager James Heffenr declared, "and Lima is getting to be large enough to start it."

The plans as diagramed does not provide parking space for motor bus stands. A terminal located on private ground is being worked out. If this is done, Heffner declared, all of the bus lines running out of Lima can leave from a common point.

The Automobile club will pay the cost of marking he square. The lines zoning the space however will be run by the city engineering department and marked with chalk.

Painters will follow and mark the boundary lines with four inch stripes. The painting will be let by contract, Heffenr said.

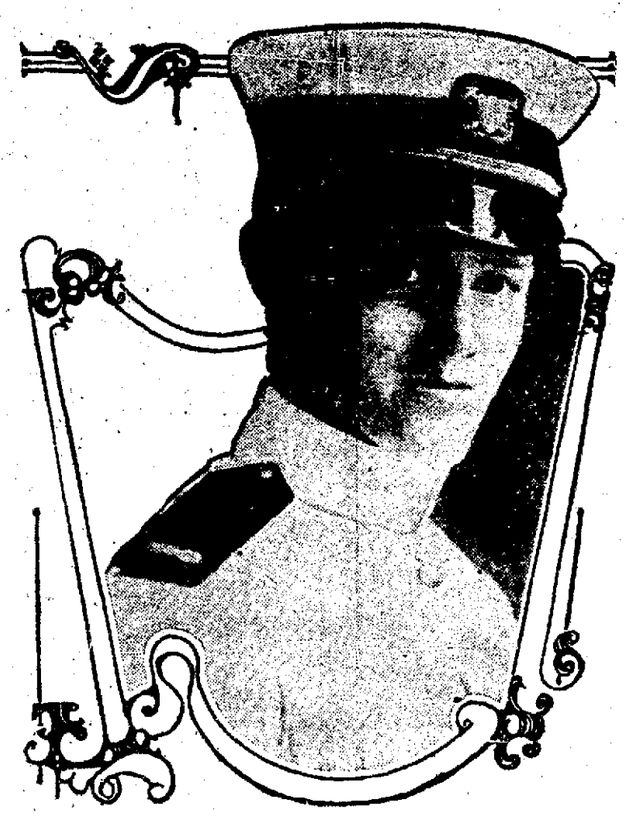

If weather permits, the marking may be commenced on Sunday.

REMOVAL NOTICE

Having leased the storage formerly accupied by the Lima Truck and Storage Co., at the intersection of the Pennsylvania and L. E. & W. R. R. Co., across from B. & O. MORE THRILLING than a Jules Verne romance were the adventures of Warrant Officer H. B. Smith on the famous Sub Chaser "Seneca," which left him almost a physical wreck. He gives Tanlac full credit for complete restoration.

HUGH B. SMITH

The many daring deeds and heroism—thrilling rescues and hair-raising U-boat attacks— in which the U. S. submarine chaser, Seneca, participated from the Mediteranean to the North sea, furnishes one of the most interesting chapters of the entire World War.

The price that Hugh B. Smith, warrant officer on the Seneca, paid for his gallant part in these hazardous encounters, was a nervous system so shattered that he broke down completely.

"What I saw and went thru," said Mr. Smith, "would leave its mark on any man. For two full years my nerves were at high tension all the time.

"When I got back to God's country, the reaction set in and I broke down completely. I was terribly nervous and irritable, had no appetite, and could not sleep except when exhausted. I was also about fifteen pounds under weight, all of which made me realize something must be done.

"I resigned from the Navy but soon found our new environment and duties made no improvement in my physical condition.

Finally a friend persuaded me to try Tanlac and after taking six or eight bottles of Tanlac I had gained fifteen pounds, was back to my normal weight, and felt completely recovered. Tanlac was a life-saver to me, and I heartily endorse it.

Mr. Smith is branch manager for the Singer Sewing Machine Co., at 301 Flatbush- ave, Brooklyn, N. Y., and resides at 435 Westervelt Ave., Staten Island.

Tanlac is for sale by all good Druggists. Over 35 million bottles sold. Accept no substitute. — Adv

INTEREST GROWS IN CLUB WORK

Leaders Chosen in Schools at Harrod Village

BRADFUTE LECTURE TICKETS

Livestock Association Makes Big Shipment

Organization of boys' and girls' clubs is progressing nicely, H. J. Ridge, Allen-co agent, announced Thursday. Ridge spoke to pupils in Harrod schools this week and proof of interest in the project is indicated by the selection of leaders for the various clubs to be formed, he reports.

Miss Diamond Miller, a student in the domestic science department, has been chosen clothing club leader and will have charge of the work of enlisting interest in Harrod. Opal Parlette and Martha Hay will be leaders for the food club.

According to plans of the Farm bureau office, all meetings of the clubs will be divided into three sections, the business section, to be conducted by the officers; a discussion of methods, which takes up the second part of the meeting and social events to occupy the latter part of the gathering.

Many of the club members are entering the work for the second time, 101 having done first year work in 1922. Those who are eligible for second year work are subject to more advanced requirements than those entering for the first time.

* * *

Carson F. Mertz, of the Farm bureau office, received 20 complimentary tickets for the O. E. Bradfute lecture to be given at the Strand theatre, Van Wert, April 9, at 8 p. m.

He urges that Allen-co farmers avail themselves of this opportunity to hear Bradfute, national president of the American Farm Bureau federation. Those wishing to attend the meeting should call at the office at once as Mertz does not expect the supply of tickets to last long.

Members of the Allen-co Livestock association shipped a car of hogs from Cairo Wednesday and will ship another car from Spencerville Thursday. Destination in each case is Erie, Pa.

JAMES WILLIAMS, LIMA RESIDENT 30 YEARS, DIES

James Williams, 53, died early Thursday morning at the home of his sister, Mrs. Carl Hentze, 1126 Taft-av, following a two weeks' illness. He was born in Hardin-co, but had been a resident of Lima for the past 30 years and was an employe of the Solar Refinery.

Besides the sister at whose home he died, he is survived by another sister, Mrs. Michael Kelly, W. Haller-st; also two brothers, Edward and Emmett Williams, both of Lima.

Funeral services will be held Saturday at 9:30 a. m. at the residence, 1126 Taft-av, in charge of Rev. D. N. Kelly, pastor of Grace M. E. church. Burial in Beaverdam cemetery.

POLICE HERE WATCH FOR CAR STOLEN IN DAYTON

Lima police were on the lookout Thursday for a Ford sedan reported stolen late Wednesday from Dayton.

According to information from Gem City police, there were three men in the car, a 1922 model.

Officers elected by William Paul Gallagher Post, American Legion and the officers of the Woman's Auxiliary, will be installed at a joint meeting of the post and auxiliary in the Harper-bldg, Friday night.

Plans for the Legion dance, April 19, staged as a windup to the membership campaign, will be discussed.

CITY HALL SALE PROTEST FAILS

Injunction Proceedings Hinted by Attorney C. C. Miller

Petitions circulated as a protest against an ordinance authorizing the sale of the city hall, failed to obtain the required number of names, necessary for filing. The 30 day limit for filing expired at midnight Wednesday.

More than 2,000 names were secured, according to Clarence C. Miller, attorney for the citizens' committee. He attributes the failure to get the necessary 3,000 names to a late start, due to absence from Lima of the city solicitor.

On this account, he says, it was impossible to obtain blanks and the solicitors lost at least a week's time in getting started.

The committee interested in circulating the petition was composed of Jonathan R. Higgins, maple syrup king; R. P. Jones, hardware dealer; Mrs. Lelia K. Bell, Mrs. Clara B. McCarty and C. C. Miller.

Miller intimated Thursday that if the city manager and commission presist in their plans to dispose of the city property under the present plan, injunction proceedings will be instituted.

Preparations for advertising the structure for sale, as required by law are under way, according to Manager Bingham.

HOGAN WINS $10 PRIZE AT POLICEMENS' BALL; PAYS $5 TRAFFIC FINE

Walter Hogan, 20, of 970 Riceav, didn't believe he could go more than 22 miles an hour in the Massman Dry Cleaning Co., truck, but didn't believe it strong enough to lay a wager when brought up before Judge Jackson in criminal court Thursday, charged with reckless driving.

He was fined $5 on his plea of guilty. Hogan won a $10 prize as the best waltzer at the policemen's ball Monday evening.

Judge Emmet Jackson was a popular personage Thursday with persons summoned for jury duty in the Cad Laycock trial, set for the afternoon session of court.

A dozen of the jurymen and jury women wanted to be excused for various reasons. But in most cases Judge Jackson advised them to appear and serve.

COURT UPHOLDS SQUARE STATION PROJECT PROTEST

A belated decision announced Thursday in a five year old suit in common pleas court, may jeopardize plans for some day erecting a transfer station in Public-sq.

Judge Fred C. Becker upheld a protest filed in 1918 by A. E. Gale, against the city building a transfer and comfort station in the square. A contract was actually made with A. E. Henry and Elmer D. Webb, it is stated.

The proposed building was to be two stories. Many persons objected on the ground that the structure would be an eyesore in the square.

By agreement the ancient case came up for final hearing.

WORLD PEACE TO BE HARDING CRY

Campaign Will be Based on Nations Association

CECIL'S PLAN ADOPTED

International Congress Included in Program

LONDON. — (United Press.) — President Harding soon will announce his campaign for reelection is based upon Lord Robert Cecil's plan for world peace, the Daily Sketch's Washington correspondent states he has been informed by an official of the White House.

The correspondent says Mr. Harding will ask that an international congress be called at Washington for the purpose of drawing up in cooperation with the United States senate a treaty to replace that of Versailles, the correspondent declares.

The Sketch says a new association of nations in which the United States will participate fully, will be formed.

LABOR QUESTION

AUGUSTA, Ga. — (United Press.) — The Republican party will not champion the open shop nor anti-strike legislation in its 1924 presidential campaign, members of President Harding's vacation party here declared today.

This was in response to a statement from Samuel Gompers, president of the American Federation of Labor, warning that American labor was ready to meet the issue.

Opponents of organized labor, Gompers said, have urged the president to make the open shop and anti-strike legislation issues of the Republican campaign.

President Harding today refused to comment on Gompers' statement.

The president's political retainers believe Gompers' statement and warning unwarranted. They hold that neither the president nor party chieftains have entertained thoughts of antagonizing labor secretly or openly.

They are inclined to regard Gompers' statement as meant for labor consumption and not as indicating he really believes the party is going back to such issues.

DARING ESCAPE MADE BY WOUNDED PRISONER

ATHENS, Ga.—Gerald Chapman "million dollar mail bandit, of New York, who was shot and captured near here, after a sensational escape from the federal penitentiary, at Atlanta last week, was again at large today.

Practically bedridden from wounds received when he was captured, Chapman last night escaped from the second floor of St. Marys hospital, where his guard was out of the room for a minute.

A rope, made from his bedclothing gave mute testimony to the manner of Chapman's latest daring break for liberty. A suit of clothes belonging to his guard was taken by the prisoner.

SUIT FOR $227 FOR COAL SEIZED IS ECHO OF FUEL SHORTAGE HERE IN 1917

Payment of $227 for a car of coal seized by former Mayor Bailis H. Simpson, during wartime, is made the basis for litigation instituted by the Baltimore & Ohio Railroad company in common pleas court Thursday, naming Simpson defendant.

The car of fuel was confiscated in 1917, during the time Simpson was mayor of the city. Coal was scarce and none could be obtained.

Simpson took charge of the car, had it unloaded and distributed among families requiring fuel.

The railroad company claims it never has been able to collect from either Simpson or the city for the coal.

THREE PRISONERS TAKEN TO PENAL INSTITUTIONS

Allen-co's law enforcement forces were depleted by half Thursday.

Sheriff Harvey B. Crosson was in Columbus, where he escorted Willis Harden and Frank Stevens to the Ohio penitentiary, to start serving two year terms for robbery.

Virgil Dackin, 19, "sheik bandit" was taken to Mansfield by a deputy sheriff, to commence an indeterminate sentence.

Sam Osbun, deputy and Mrs. Loretta Durbin, clerk were in charge of the office during the day.

SAMPLE CASE STOLEN

A black fibre sample case owned by J. A. Current, 948 N. West-st, was stolen from a truck while it was parked in front of Kiser's grocery, 1223 N. West-st, at 8 o'clock Wednesday evening, according to report made to police.

Eczema Result of Ivy Poison

Opinion Points to Ivy, Sumach and Oak as Origin of Most Eczema and Skin Rash

In thousands of cases where they had treated so-called eczema with the usual ointments and failed, they

got immediate relief and a total disappearance of the scales, itch and redness in two or three days with Whitmarsh Blood Elixir. So it appears that after all much of the eczema is nothing but ivy poison and with this wonderful specific you can get rid of it in two or three days. The remedy has been well known in many sections for over fifty years as an internal blood medicine and its action is quite wonderful.

If you have been treating eczema for years get a $1.00 bottle today of Whitmarsh Blood Elixir and if it fails to bring relief take the bottle back and get your money. Whitmarsh Blood Elixir is prepared only by Hart-Shaw-Miller Drug Co., Adrian, Mich., and if your druggist cannot supply you it will be sent prepaid on receipt of price.

You will find it on sale by Hunter's 3 Rexall Stores and Greene's Public Drug Store.—Adv.

NO RACE SUICIDE HERE

THERE may come a time when race suicide will be apparent in Ohio, but it is not yet. Babies continue to be born in greater numbers than persons are dying in the Buckeye commonwealth. In fact, that is the state of affairs in practically all parts of the United States.

Growth in population in specified communities is not required to depend upon the migration of citizens from one place to another. Neither is it necessary for the United States of America to hinge its growth in number of citizens on an influx of foreigners, to become naturalized later.

There is no danger of America going backward so long as the Stork outdistances the Grim Reaper in a decisive manner. History does not record accurately, but it is possible that in prehistoric times races of people became extinct thru the medium of race suicide. Evidences of the existence of ancient races of people are being unearthed in the southwest. Socalled "birth control" may have had something to do with earlier civilization being obliterated.

Lima is contributing its part to the record which affords proof that Ohio is not afflicted with a tendency to race suicide. Records just completed by the division of vital statistics of the state department of health for the first two months of 1923 show that 19,252 babies were born during that time and 15,103 deaths occurred, a majority of 4,149 for the births.

In January there were 9,450 births, for a state rate of 1.57, while in February the births increased to 9,802, for a rate of 1.62. The death rate was keeping pace, however, for there were 8,084 deaths in February, 1,065 more than the preceding month. The rate of January was 1.16 and in February 1.34.

Progress civilization is assured so long as births beat deaths. When the order is reversed—if ever—it will then be time for the nation to sit up and take notice of the danger of modern civilization starting on the down grade.

TIGHTWADS

WHAT is a tightwad? Uncle Sam, in a booklet, defines him as "a man who saves 60 cents out of every dollar, and expends 37 cents of the balance for living expenses, and one cent each for education, recreation and alms."

That description might hold true in some cases. But how about the rich? Thousands of them would find it next to impossible, no matter how extravagant, to save less than 60 cents on the dollar.

You can't define a tightwad. It depends on the income of the individual, so it naturally varies. A poor man, ambitious to get ahead and accordingly saving 60 cents out of each dollar that comes his way, is a fox, not a tightwad.

The trouble is, too many of us save without a definite motive. The motive—independence—usually exists until we are comfortably fixed. Then frugality is so firmly established as a habit that it becomes an obsession, form of mania.

How about a spendthrift? Ah, he's easier to define. Uncle Sam describes him as a party who saves nothing, spends 58 cents out of each dollar on living expenses, 40 cents on recreation and one each for alms and education.

ALWAYS an interesting subject, this matter of how much we should save. Uncle Sam's booklet says that the normally thrifty man saves 30 cents out of each dollar, spends 50 cents on living expenses and 10 cents each on alms, recreation and education.

Strikes us as a sensible system.

If you want to keep books—go on a budget basis—you might go about it this way: Decide to save 20 cents out of each dollar you receive. The scientific way to spend the balance, according to economists, is to divide each dollar you spend, like this:

For food	43 cents
For shelter	18 cents
For clothing	13 cents
For fuel and light	6 cents
Other expenses	20 cents

UNCERTAINTY MAKES LIFE INTERESTING

"HOME, Sweet Home" was sung in public for the first time 100 years ago next May 8. There'll be celebrations. Payne, a homesick, wandering American actor, wrote the words; Sir Henry Bishop, the music.

They didn't know what they were starting. That's generally the way with things that last. After all, do any of us ever know what we're starting? The uncertainty is what makes life interesting.

NOTIONS ABOUT BATHING

Another Harley street specialist—or possibly it was a great French specialist—Harley street and France are two fertile fields for the foreign correspondent—has announced that all fat folks have to do if they want to grow thin, or all the skinny ones need to do to stay thin, is breathe deeply. Now, please don't push or shove, folks. There is plenty of air for all; you may take your time about it. I fully approve of breathing. Indeed, I am convinced that most people don't do enough of it for the good of their health. But I have a few gallons of cold water to dash over this Harley street or this French fantasy. Briefly, then, let me say that, fat or thin you may breath yourself dizzy without much risk of any appreciable alteration of your state of nutrition.

Deep breathing is the dotard's delight. So far as any beneficial or healthful effect is concerned, it is akin to hoisting oneself with one's own boot straps. It is a stunt based on fishiology.

Every five or 10 years some scientist discovers that deep breathing will grow hair on a bald head or at any rate keep hair growing on a head which might otherwise become bald.

Deep breathing is absolutely harmless if accompanied with the normal physiological activity—exercise. As an exercise in itself it is far inferior to a walk around the room or a run upstairs. The only kind of deep breathing that may be considered healthful or beneficial, with due regard for physiology, is that which naturally or automatically goes with vigorous exercise. And my advice to the health seeker is to enjoy the exercise but pay no attention whatever to the breathing. Breathing is an involuntary, automatic function and is best left to regulate itself or rather to be regulated by the involuntary or autonomic nervous system over which we have no conscious control.

One can, of course, breathe more deeply than usual by special effort and attention for a very limited time, a few minutes. But inevitably, if this increased breathing is a mere conscious effort unaccompanied with active general exercise, there follows a period of shallow breathing which compensates for the hyperpnoea or excessive breathing so that, in the long run you are precisely where you were at the beginning. You've gained nothing whatever (the trifling amount of exercise involved in the breathing effort doesn't count.) It isn't physiological. It isn't sense.

QUESTIONS AND ANSWERS

Hair Restorer

Is barbo compound used for restoring gray hair harmless?—Mrs. G. A.

Answer—When analyzed by the Connecticut state chemists in 1915 it was practically a lead and sulphur concoction, which does not "restore," but merely dyes the hair. Most preparations purporting to restore the original color of gray hair are similar—lead and sulphur combinations variously presented; altho it is all right to dye the hair if you wish, it is usually the best plan, I think, to entrust the dyeing to an experienced hair dresser or barber.

Whole Wheat Bread

I have eaten whole wheat bread exclusively for three years and have persuaded several families to adopt it. We have all experienced nothing but good effects and we like it so much that we do not care to return to white bread. Now a white flour salesman assures me that whole wheat flour is not as readily digested as white flour, irritates the stomach, is not necessary with the ordinary mixed diet, and has been pronounced undesirable by every university or government that has experimented with the question. . . .—M. C. T.

Answer—From the commercial point of view the salesman is perhaps right. Whole wheat flour will not keep for months or years as the denaturized white flour does, so that economically it is not very profitable. But take these points into consideration: (1) contains all the nutritive elements and all the digestible substance that white flour contains, and then some more. (2) Many people who have or believe they have weak digestion, purchase and eat as a breakfast cereal various preparations of whole wheat which don't irritate the stomach." (3) Such "irritation" as wheat can cause, even the swallowed whole and raw, is insignificant as compared with the irritation produced by alcohol, castor oil, salts and other purges commonly indulged in, or the ointments commonly used to disguise bad food poorly cooked. No government or university has found an unfavorable verdict on whole wheat flour, they simply have been unable to solve the problem of the keeping quality.

THE LIGHT OF FAITH

When the dark days come and the clouds grow gray
All men must brave them as best they may,
With never too much repining;
And bravest is he, when the shadows fall,
Who sees in the gloom of his darkened hall
The light of his faith still shining.

In those lonely days when his heart shall ache
And it seems that soon shall his courage break,
There is only one place to borrow.
One place to go for the strengthe he needs;
He must bind with his faith every wound that bleeds,
And cling to his faith thru sorrow.

For a man forlorn is the man who weeps
Tho his dead he buried in floral heaps
And friends his path are lining;
And a pitiful creature he's doomed to be
If he cannot look thru the gloom and see
The light of his faith still shining

HOW TO SLEEP ON A BARE FLOOR

IT is more a matter of SLEEP, than of bed or board.

Some people can sleep sitting up, standing up, even while walking.

Many people can't sleep in the softest of downy beds; and all of us suffer occasionally from nerve-racking, wearing, tiring wakefulness at night.

There is always a reason for sleeplessness. Usually, it is a "sour" stomach, a liver that has "lain down" on the job, congested bowels, or biliousness.

Then, just before retiring, take Beecham's Pills. They soothe an uneasy stomach, encourage the organs of digestion and elimination to natural activity, and *assure restful sleep no matter what!*

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

"Uncle Tom's Cabin" Coming to Orpheum

THAT old, old story, so new to present day theatre goers, "Slavery Day," will be realistically presented by Kibble's "Uncle Tom's Cabin" company in the Orpheum, for four days, with daily matinee, commencing on Sunday.

A drama to be successful must not only appeal to the older heads down stairs but must also have a vital interest for the lad who occupies the gallery bench. All ages must be appealed to with something that amuses and instructs, and something that will touch the better nature of the heart. All this, and more, the drama, "Uncle Tom's Cabin" does. That this famous classic of the American stage still retains its popularity may be explained in two ways. Firstly, it is the stage version of a book that did much to hasten the freedom of the slaves, and, secondly, the public long ago learned that the W. H. Kibble organization gives, not only a correct picture of Harriet Beecher Stowe's immortal story, but with each return visit of the attraction, he presents all that is newest and best in high-class vaudeville.

In this attraction the management guarantees the patronage that the performance will be the very best, fully equipped with special scenery, electrical and mechanical effects. The organization includes, in addition to a strong acting cast, a troup of jubilee singers, plantation dancers and musicians. The old drama has never been more elaborately staged than the present production. Everything is new and up to the minute, and the company is bigger, brighter and better than ever before, numbering, as it does over thirty persons.

Five acts of Keith vaudeville are offered today at the Faurot Opera House. Comedy and orchestral selection precede the program.

How Nervous Lawyer Found Health and Strength

Earl F. Drake, a prominent lawyer of Phoenix, Arizona, writes: "Within six months I gained twelve pounds and never felt better in my life. Everyone remarks about my improved appearance." He says Bitro-Phosphate did it. Try it yourself. Obtainable at every good drug store.—Adv.

S. L. Rothafel, director general of the big Capitol theatre, New York, just can't get away from his show house. Even while on the ocean. Pick-up microphones installed in the theatre wafted the music played there by radio, and S. L. listened in while en route to Europe.

Bilious Attacks
Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication.

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

"CAN A WOMAN LOVE TWICE?"

YES	NO
A widow's children need a father's love.	No step-father can love another man's children.
A young widow especially needs companionship.	She should devote her life wholly to her children.
She needs a real home.	No home is big enough for two families.
Memory of the first husband remains always.	The late husband would be glad to know his widow was happy.

MRS. CHARLES CLARKE entertained the members of the Fortnightly Bridge club, at their semi-monthly afternoon of play, at her home, Thursday. The luncheon table, at which the guests were seated, was most artistic in its appointments of pink. The centerpiece was a large basket of pink roses and pussy-willows, while the crystal candle stick holders, containing pink candles, were at either end of the table. Tables for bridge were arranged in the living room, following the luncheon.

Mrs Clarke's substitutes for the afternoon were: Mrs. Emmett Curtin, Jr., Mrs. E. M. Gooding, Mrs. Grace Hollister, Mrs. Ronda Croy, Mrs. J. H. Goeke and Mrs. Edna Neely Rogers.

The Elks Home on Thursday, was the scene of another bridge club, when Mrs. J. J Maginn and Mrs H. C. Thew welcomed the members of Thursday Bridge club, for luncheon at one o'cock! Taree tables of bridge were arranged, guests other than the club members were: Mrs W. G. Graham, Mrs Samuel Clements, Mrs E. C. Powell and Mrs. J W. Dimend.

Luncheon preceded the bridge games at the home of Mrs E B Taylor, Rice-av, when the members of the Thursday Luncheon Bridge club were entertained, Thursday Guests of Mrs. Taylor, other than the club members were Mrs. W D Battelle of Detroit and Mrs Gibson Dildine.

Mrs A. L. Jones, Lakewood-av opened her home to the members of the Mercy Circle of King's Daughters, Wednesday. During the business session held in the morning, the women voted to send their endorsement of a state bill, which has passed the House of Representatives and is now before the Senate, regarding the protection of illegitimate children. Mrs. E. A. Gramm, treasurer of the organization, was unable to give a complete report of the proceeds received from the Lenten Tea, but it is thot that nearly $80 00 was cleared. Mrs. Kent Hughes appointed a committee to arrange a benefit party to be given the latter part of May or the first of June; it is probable that the May Day breakfast, given annually by the women, will be abandoned this year. The following women were appointed to serve on the committee Mrs Mack Colt, chairman, Mesdames T J Hoffman, Frank Moke, Oliver Steiner, Chalmors Brown., Henry Eych, Earnest Baird, Frank Kommunk, Charles East, Frank Haller, R O Bigley and Miss Katherine Reily. Luncheon was served at noon by Mrs Jones and the assistant hostesses for the afternoon who were, Mrs Oliver Steiner, Mrs E J. Curtiss and Mrs. J. R. Meilly.

Mrs Peter Hulsken, State-st, will entertain the members at the next meeting to be held on May the second. Assistant hostesses will be Mrs. Frank Haller, Mrs Clinton Sealts and Mrs C C Meshei

SUSIE SMART'S ADVICE

Dear Miss Smart

I AM 15 years old, am five feet four inches tall and weigh 115 pounds. Is that alright? (2) I wear my dress about fifteen inches from the floor Do you think that is too long? (3) A young man with whom I became acquainted last summer asked me to write to him. I did not write for awhile, but finally I did so He did not answer until recently and then apologized His excuse was that he was busy, but I think he might have written sooner. We were mere friends and nothing more Do you think it would be proper for me to ask him for his picture? (4) I correspond with several boys Do you think I am too young? Please understand that it is in a friendly way and that I do not write silly soft letters (5) I am a freshman in high school and get good grades I am planning to become a teacher However school seems to be rather monotonous after a time I do not intend to quit school unless absolutely necessary I also want to go to college (6) How is my writing? Thank you.

A READI R

ANSWERING to your first question, I would say you are just a few pounds overweight (2) No (3) I hardly think I would ask the man for his picture, when you have barely met and corresponded once or twice (4) Altho I think 15 a trifle young to keep up a regular correspondence with the boys, if your letters are as you say they are, and not serious love ones, perhaps it is alright. (5) Don t let school seem monotonous to you, get into it, enjoy every minute and then after you graduate and find that you can go to college, go and make the most out of it you can The teaching profession is a fine one (6) Very good.

• • •

Dear Miss Smart

I am 18 My position gives me the opportunity of meeting many people of high education I, like some of your other girl readers, have almost become convinced that the only kind of people in this day and age are those who prefer fast smokers, dancers and card players I do not believe this to be the right road for a young girl to travel Thus I consider myself almost alone Are my views right?

N. Y. Z

I hasten to inform you that I can not truthfully say your views are right. Girls as well as everyone, are judged in this world by their personality, more than by habits Girls who can talk well, discuss books, shows and other things of interest are the kind men enjoy being with. Also, I cannot say that you are alone on your road. It is the other road that is rather sparsely populated or rarely traveled It would not seem to me to be a difficult matter to find friends who believe the same as you

• • •

Dear Miss Smart:

I saw in your column where two girls of 18 and 20 would like the acquaintance of two respectable young men I cannot speak for the other fellow, but I would like to get acquainted with the girls I am 21 years old and always was rather backward around the girls I surely would appreciate knowing a respectable girl Please give my address to either of these girls, if they wish it

T F

Get over your bashfulness. It seems incredible that a young man of 21 should be bashful around the girls. You can help yourself Go out more, talk to people, improve your mind and you will look forward to going out and meeting others.

Announcement was made Tuesday evening, at a card party given by Miss Mary Kane, S Broadway, of the engagement of Miss Helen Wells, daughter of Mr. and Mrs. P. S. Wells, S. Collett,st, to Harold Himes son of Mr. and Mrs. G. B. Himes, 911 E. Albert-st, The guests, unaware of the surprise awaiting them, enjoyed bunco during the earlier hours of the evening, and at the conclusion of the playing, Miss Margaret McFadden held high score. The guests were invited into the dining room at ten-thirty o'clock and upon finding their place-cards, found small hearts attached to them, bearing the initials H. C. W.—H. B. H. The marriage will be an event of June.

Guests were: Misses Katherine Hyland, Alice Sheehan, Florence and Jeanette Mullen, Margaret McFadden, Katherine O'Brien, Helen Wells and Mrs. J. N. Altenbach.

The bride-to-be is at present employed in the office of Ellerman's Clothing store and her fiance is in business at Lansing, Mich.

✧ ✧ ✧

Mrs. Thomas Peate, 619 W North-st, will entertain the members of the Christian Culture club, Friday afternoon, at her home

✧ ✧ ✧

Mrs O. J. Rousn, 944 Brice-av, will welcome the members of the Iris Bridge club, at her home, Friday afternoon.

✧ ✧ ✧

Mrs. George Skinner, Cleveland, arrived Thursday to be the guest of her cousin, Miss Florence Price, McBeth-apts.

THE MYSTERY ADVERTISEMENT

BY E. PHILLIPS OPPENHEIM

Copyright 1922, by E. Phillips Oppenheim
Arrgt. NEA Service, Inc

BEGIN HERE TODAY

Vendetta begins between MICHAEL SAYERS, noted criminal, and SIR NORMAN GREYES once of Scotland Yard, when Sayers' beautiful housemaid JANET, saves him from Sir Norman by shooting dead an officer sent to arrest him. Greyes falls in love with Janet and proposes marriage. Michael disguises himself as Colonel Dimbe and attends the wedding reception. Having stolen a pearl necklace, gift of Sir Norman to his bride, Sayers gives them to Beatrice to return to Janet. Michael answers a cipher message published in a paper and hears from the divorced wife of a politician, a bundle of manuscript, evidently written by woman's former husband. Upon reading the manuscript, Sayers learns that the reputations of Sir Gilbert Heron and Lord Kindersley are in their hands. Sayers ponders the best way to turn his prize into cash.

NOW GO ON WITH STORY

MICHAEL TELLS STORY.

"Not on my account," I insisted. "No transaction must remain existent as it is until I give the word."

I rang off, filled my bag, as usual, with stationery samples and took the tube to Bond street, whence I walked on to South Audley street. Upon arrival at my destination, I was informed by an imposing looking butler that Lord Kindersley was at home, but it was scarcely likely that he would receive me unless I had an appointment. I risked the butler's being human, and bought my way as far as the waiting room. Once arrived there I managed to impress an untidy and bespectacled secretary with the idea that it might be worth Lord Kindersley's while to spare me a few minutes of his time. In the end I was ushered into the great man's sanctum.

"What can I do for you—er—Mr. Buckross?" he inquired, glancing at my card.

I was anxious to test my new identity, and I stood full in the light. It was obvious, however, that Lord Kindersley had not an idea that we had ever met before.

"I have come to see you on a very serious matter, Lord Kindersley," I said, "and I am anxious that there should be no misunderstanding. I do not wish for a penny of your money. I am here, in fact, to save you from the loss of a great deal of it. My visit, nevertheless, has a very serious side."

* * *

He looked at me steadily from under his bushy eyebrows.

"Go on," he invited curtly.

"Last March," I continued, "you averted the threatened shipping strike and saved yourself the loss of a few of your millions by bribing a well-known labor leader to continue for peace instead of war. You and one other great shipowner were alone concerned in this matter. That other man, I gather, is dead."

Lord Kindersley was staring at me with a queer look in his eyes. His voice, when he answered me, was not steady.

"What on earth are you talking about?"

I took the two documents from my pocket and moved a little nearer to him.

"Here," I said, "is Rendall's proposed speech counseling the strike and aimed at the leaders of the various unions. Here, also, is your letter to Rendall, making him the offer of 50,000 pounds to withhold it, which sum was paid to him the next evening at the National Liberal club."

All the mental affability and condescension had gone from Lord Kindersley's manner. He looked like a man on the verge of a collapse.

"My God!" he muttered. "Rendall swore he had destroyed my letter!"

"He instructed his wife to do so. She retained it for her own purposes. A few months ago her husband divorced her. This is her revenge. She has sold the copy of the speech and the letter to me. I know, also, the other facts in connection with the case."

Lord Kindersley took out his handkerchief and mopped his forehead. Already he began to see his way.

"I will buy those documents from you," he proposed.

"Your Lordship," I replied, "I am not a blackbailer."

"You shall receive the money quite safely," he went on eagerly. "I should not dream of communicating with the police. I shall look upon it as an equitable business transaction. Name your price. I am not a mean man."

"Neither, as I remarked before, am I a blackmailer," I persisted. "My use for these letters is predestined. They go to the press."

Lord Kindersley sprang to his feet.

"Listen," he said impressively: "no newspaper would deal with you as liberally as I am prepared to do. Those documents must not be published. If it were generally known that I had—ah—influenced Rendall to hold up that speech, labor would decare war against me tomorrow. Not a man would stay in my employ. Besides, it would bring discredit upon my party. It would ruin me politically as well as actually. Come, now, Mr. Buckross, you look like a business man. Let's talk business. I'll write you a check for ten thousand pounds this morning."

"STOP," HE SHOUTED AS I TURNED TOWARD THE DOOR. "HOW DID YOU COME BY THIS STORY?"

"Your Lordship," I replied, "if I dealt with you in the way you suggest, it would amount to a criminal offense. My conscience forbids it. I can deal with the press fairly and openly. Your political ruin I cannot help. Your financial ruin I may help you to modify. I offer you four days' grace, during which time you had better get rid of as many of your shares in the Kindersley Shipping company as you can."

"You promise to do nothing for four days?" Lord Kindersley exclaimed eagerly.

"I promise."

He leaned back in his chair and mopped his forehead.

"Well, that's a respite, at any rate," he said. "Now, Mr Buckross you and I have got to understand each other on this deal."

"We shall never get any nearer understanding each other than we do at present," I assured him.

"Rubbish!" he answered. "What I want you to do is to get that blackmailing idea out of your head. Look here: stay and have lunch with me, and we'll discuss the matter over a cigar and glass of wine."

"I should be taking your lunch under false pretenses," I replied, rising and buttoning my coat. "You shall have the four days' grace which I have promised."

He followed me to the door, entreating me for my address. So convinced was he that I would change my mind that he sent his secretary out into the street after me. In the end I made my escape by promising to see him again on the evening of the third day.

* * *

I took my usual leisurely lunch and afterward made my way to the uninspiring neighborhood of Streatham. "The Towers," which I had discovered from a book of reference to be Mr. Edward Rendall's address, was a hopelessly vulgar edifice of gray stone, approached by what is generally described as a short carriage-drive. The popular M. P., as was his boast, was not in the least difficult of access. He came into the room within a few minutes, a pipe in his mouth, and giving evidence of all the easy good-nature which befitted his position.

"Don't know who you are, Mr. Buckross," he said, noticing with some surprise that I had not availed hands with him, "but sit down, and welcome. What can I do for you?"

"I have brought you bad news, Mr. Rendall," I announced.

"The devil you have," he answered, removing his pipe from his teeth and staring at me. "Who are you, anyway? I don't mean to recognize your name."

"That really doesn't matter," I replied. "You can call me a journalist, if you like. It's as near the truth as anything about myself that I'm likely to tell you. Something very disagreeable is going to happen to you on the fourth day from now, and as I am partly responsible for it, I have come out here to give you a word of warning."

"You're getting at me," he protested uneasily.

"Not in the least," I assured him. "The facts to which I allude are these: I have in my possession a copy of the speech which you ought to have made at Liverpool last March and didn't, and also the original letter from Lord Kindersley, offering you 50,000 pounds to hold it up. I also know that you received that money on the following evening at the National Liberal club, and I know what banks you intrusted it to."

* * *

Rendall was, I believe, at heart, just as much of a coward as Kindersley, but he showed it in a different fashion.

"You lying blackmailer!" he shouted. "How dare you come here with such a story! Get out of the house, or I'll throw you down the steps."

"I have fulfilled my mission," I told him. "I shall be very glad indeed to go."

"Stop!" he shouted as I turned toward the door. "How did you come by this cock-and-bull story?"

"How should I have come by it at all unless it were the truth?" I answered. "The whole world will know the facts soon enough. I obtained the papers from your wife."

"That's a lie, then," he declared truculently, "for I saw her destroy the letter."

I smiled. The man, after all, was a poor sport.

"She deceived you," I replied. "You saw her destroy a circular. She kept the letter. Perhaps she had her reasons. I bought it from her and another man at Frascati's restaurant last night."

Conviction seized upon Mr. Edward Rendall. His eyes narrowed a little.

"How do I know that the whole thing isn't a bluff?" he said suspiciously. "Have you got the documents with you?"

"I have," I told him.

He attempted nothing in the way of subtlety. He relied, I suppose, upon his six feet and his brawny shoulders. He came at me like a bull, head down and fist swinging. It was a very ridiculous encounter.

FROM MRS. MARY ALDEN PRESCOTT TO PRISCILLA BRADFORD

MY DEAR PRISSY:

It was very disappointing to me and I presume you were disappointed, too, that you were called home by the illness of your mother before the wedding.

I would not write to you in this fashion did I not know your mother, Mehitable Bradford very well, and I was sure you would find as you did that her illness was more a case of selfishness and a desire to have you entirely to herself. You know I tried to persuade you when you got the telegram that this was so. But you, as a dutiful daughter, felt you must return home only to find that my prognostications were perfectly correct.

Whatever I may think, my dear Prissy, of this union between my son and Leslie Hamilton, between a man whose ancestors have been statesmen, judges, artists and professional men, to the daughter of a man whose early years were spent amid the sweat of a steel mill, I must say that the wedding of John and Leslie was very beautiful.

There was, perhaps, too much pomp of convention and pageantry of wealth, but nevertheless everything went off better than I expected.

Mrs. Hamilton must have had somewhere among her forebears people of culture and refinement.

Leslie, as you know, is a very beautiful girl. I am afraid that her beauty was the lure which drew my son's heart to her while others of greater worth were passed by.

There were six bridesmaids and a maid of honor, with accompanying escorts for each as they walked back in the marriage train from the altar.

I almost felt, dear Prissy, as I should probably feel if I were looking upon the dead face of my son as I saw him take the ring from his friend, a Mr. Sidney Carton, and place it upon Leslie's finger.

There was a look upon his face that I had never seen before. Even to me, his mother, he had never given such a glance of utter adoration.

I cannot tell you the feeling that I had. Cold hands clasped my heart.

Do all mothers feel this way? I think not.

There has always been such a great understanding between John and me, and while of course, I have not seen so much of him since he left his home to go to Albany, yet I have always tried to keep in touch with him by writing him letters of admonition and advice.

On the day of the wedding, however, when I looked at that beautiful girl beside him I felt some way as tho my boy had gone away from me. I knew that I had nothing in common with his wife and I suddenly felt that I had grown old and that never again would my boy listen to my counsel. She was of another time, almost of another race. Her gods were not my gods, and yet, Prissy, I must tell you of a great surprise I had.

The night before the wedding, after they had had a rehearsal of the ceremony—this seemed to me almost a sacrilege—Leslie came to me and put her arms about me and laid her cheek against mine. It is soft and flowerlike, Prissy. I felt a tug at my heart especially when she said:

"Dear Mrs. Prescott, I shall never be able to thank you enough for giving me that beautiful desk. Already it has filled a place in my life that I never expected to have filled, already it has brought to me the knowledge that I am no different from all the women who have peopled this earth, because I know that all the women who have sat at that desk have loved as I love your son."

I did not tell her, my dear Prissy, that probably the women of that romantic period of French history who had sat at that desk had not been women of chasity and virtue. I did not want to sully her ideals.

Instead I asked her, "Have you found the secret drawer?" and she answered with a smile, "The drawer is still a secret."

I am sorry to say that this answer dispelled any newfound joy that I had in my prospective daughter-in-law, for it told me that she would never come to me with her joys and her sorrows—that henceforth I should walk this world alone.

Affectionately yours,
MARY ALDEN PRESCOTT.

TOMORROW: Alice Hamilton, bridesmaid at the wedding, of her sister, Leslie, to John Alden Prescott, tells of the tragedy of a blighted love.

HELP FOR GIRLS WHO WORK

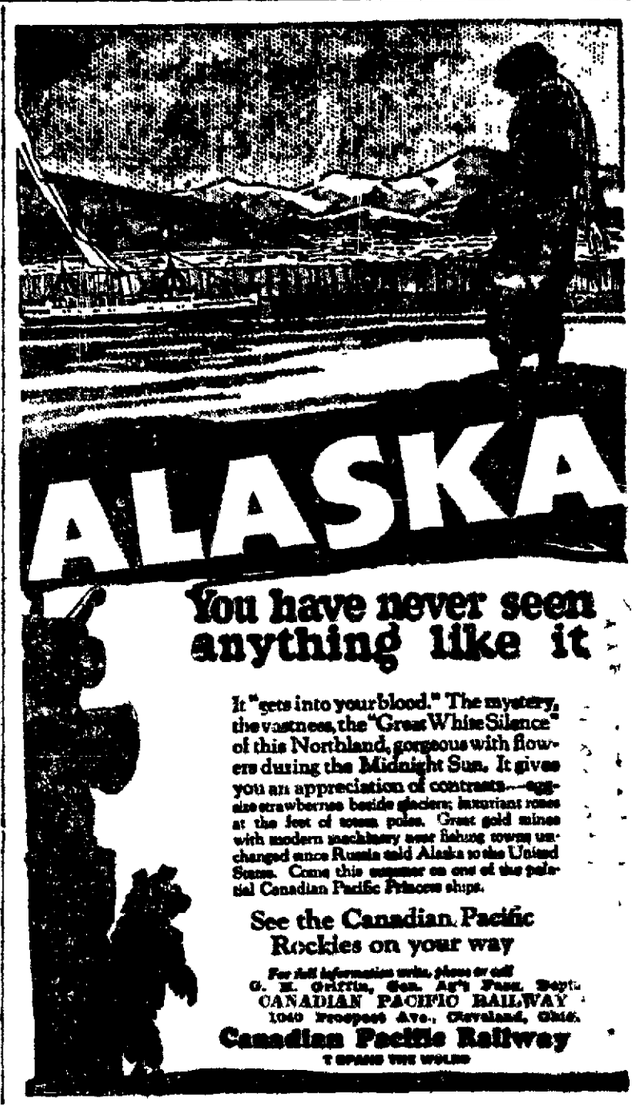

Mrs. Lodic Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Tyrone, Pa.—"A friend told my husband how Lydia E. Pinkham's Vegetable Compound had helped his wife, so my husband bought me a bottle because I was so run-down, had a nervous weakness, no strength in my body and pains in my left side so bad that I could hardly do my work. Before I was married I used to work in the factory, and I had pains just the same then as I have had since I have done my housework. I would not be without a bottle in the house now. It has stopped the pains all right and I have found out that it is a wonderful body builder, as it has made me well and strong. It is going to be the 'old reliable' with me hereafter, and I am always willing to tell other women how it has helped me. You can use this letter as you wish as I can honestly say that my words are true."—Mrs. M. LODIC, R.F.D. No. 4, Box 46, Tyrone, Pa.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound.

! fear

Are you self-conscious and fearful of the impression you are making on people you come in contact with?

FEAR is probably the greatest handicap any man or woman can have in life. Lack of poise and self-confidence can do more to hold you back both in business and socially than any other one thing.

It keeps you from being your real self, from doing your downright best and from getting on in life as you should.

Your personal appearance often has a lot to do with the way you feel about this. If you *know* you're rightly dressed and well-groomed you immediately feel more at ease with people.

Still there is one thing that so many people overlook—something that immediately brands them as really fastidious or careless—*the teeth*. Notice today how you, yourself, watch another person's teeth when he or she talks. If they are not well-kept, your teeth at once become a liability.

Only the right dentrifice—consistently used—will protect you against such criticism. Listerine Tooth Paste cleans teeth a new way. The first tube you buy (25 cents) or the free sample (see coupon) will prove this to you.

You will notice the improvement even in the first few days. And, moreover, just as Listerine is the safe antiseptic, so Listerine Tooth Paste is the safe dentifrice. It cleans yet it cannot injure the enamel.

What are your teeth saying about you today?

DEATH LURKS IN THE DRAIN

A prominent health expert has written:

"If every housewife would use Concentrated Lye in the drains from kitchen sink, refrigerator and bathroom and in garbage pails, the fly nuisance would be abated and the prevalence of germ diseases naturally reduced."

Don't Take Chances

IN most kitchens the sink is the dumping place for the greasy washings from table dishes, skillets and pans. Much of this grease sticks to the pipe. Each day it grows filthier, a breeding place for disease germs and bacteria.

Don't wait for the drains to become clogged. That's taking desperate chances. Make it a rule, twice a week at least, to clean the drains with Babbitt's Lye as directed below. This powerful solvent quickly dissolves every particle of grease—turns it into soft soap—which can be easily flushed out from the faucet leaving the drains not only clean but sterilized. For Babbitt's is more than a cleanser—more than a disinfectant; it *sterilizes* everything it touches.

Keep Garbage Pails Harmless

A garbage pail may be safe—or dangerous. Unless it is cleaned and sterilized frequently, it becomes foul, smelly and a breeding place for flies. Twice a week, and oftener in hot weather, it should be cleaned and purified with Babbitt's Lye as directed below. Babbitt's destroys instantly every atom of garbage left in the empty can; cuts clean, right down to the iron. It leaves no neglected corners to harbor germs and bacteria.

Does Double Duty

Babbitt's not only cleans but sterilizes. So it is better than mere disinfectants—which do not cleanse; better than mere cleansers—which do not disinfect. Fortunately Babbitt's costs so little that you can well afford to use it lavishly. More than you can say of the usual disinfectant.

For Drains:
Put into the opening of the drain two tablespoonfuls of dry Babbitt's Lye and trickle in very slowly a half gallon of hot water. After ten minutes flush freely from the faucet.

For Garbage Pails:
Wash an old broom over the inside of the pail with two tablespoonfuls of Babbitt's Lye dissolved in 4 quarts of hot water. Rinse with clear water and dry in the sun.

INTER-CLASS BASEBALL AT SOUTH HIGH

First Game To Be On Tuesday

Inter-class baseball will be started at South high school Tuesday, it was announced Thursday by Head Coach Burdette.

There is little chance of a varsity baseball team this year and it is uncertain whether track will be made a regular school activity but officials feel the need of some spring athletics and for that reason will have an inter-class league.

A schedule of twelve games has been arranged by high school officials. Games will be played by seventh and eighth graders in the Junior high and also class teams in the Senior high.

The opening game will be played next Tuesday noon between the Yanks and Athletics and Tygers and Indians, names selected by Junior high teams. On the evening of the same day the Freshmen and Sompomore aggregations will cross bats. This game will be played at 4 o'clock just south of the school building.

The complete schedule of games follows:

April 10—Freshmen vs. Sophomore.
April 12—Juniors vs. Seniors.
April 17—Freshmen vs. Faculty.
April 19—Sophomores vs. Seniors.
April 24—Sophomores vs. Faculty.
April 26—Freshmen vs. Juniors.
May 1—Freshmen vs. Seniors.
May 3—Sophomores vs. Juniors.
May 8—Juniors vs. Faculty.
May 10—Freshmen vs. Sophomores.
May 15—Seniors vs. Faculty.
May 17—Juniors vs Seniors.

THREE RECRUIT PLAYERS CERTAIN TO BE RETAINED BY YANKEES

LEFT TO RIGHT: HINKIE HAINES, BERNIE BENGOUGH, TUCKER

Of the score of youngsters taken south by the New York Yankees, not over a half dozen will be retained. Three recruits certain to be held for further inspection are Outfielders Tucker and Haines and Catcher Bengough.

The case of Tucker and Haines are unusual. Hains is a great fielder, very fast and a wonderful runner, but rather shy with the stick. Tucker, a left-handed batsman, can sure hit them, but has much to learn as a fielder.

If Haines could hit like Tucker and Tucker could field like Haines both would win regular berths in the outfield.

Bengough, with Buffalo last year, will be retained as thir string catcher. He has great promise.

SIXTEEN TEAMS REMAINING IN NATIONAL TOURNEY

CHICAGO—Third round play of the University of Chicago's national basketball tournament was reached today by 16 of the original forty entrants. Despite elimination of 24 teams, all sections of the country were represented.

Today's pairings included:

Westport, Kansas City, Mo., vs. Bellevue, Ohio.

Rockford, Ills., vs. Scott, Toledo, Ohio.

Results of yesterday's games included Bellevue, 29, Laramie, Wyo. 22; Scott High, Toledo, 30, El Paso, Texas, 25; Windsor, Colo., 31; Lorain, 25.

The Lorain-Windsor game was one of the most evenly matched of the tournament and won great applause. A long basket and two free throws by Windsor in the last few minutes made the victory for the Colorado champions. An unusual score resulted from the clash of the two teams of almost equal skill. The only difference in the summary totals was in the number of baskets, the free throws and fouls being the same for each side.

ROTARY LEADS CIVIC LOOP

LOWEST SCORE EVER HUNG UP, MADE IN TEXAS MEET

GALVESTON, Tex. — "Ossie" Carlton, Houston, shot 69 for the lowest scores ever hung up in the qualifying round of a Texas golf tournament.

JOE LYNCH IS VICTOR

CHICAGO.—Joe Lynch, bantamweight champion, again vanquished an old foe when he outpointed Midget Smith of New York in a bristling ten round boxing bout here last night, and Frankie Genaro, the American flyweight champion, shaded a first time ring acquaintance when he left-handed Bud Taylor of Terre Haute, Ind., to defeat in another ten rounder of the all-star card.

It was Chicago's second showing of champions since the recent revival of pugilism which has been dormant here nearly a quarter of a century since Terry McGovern and Joe Gans sent public boxing into oblivion by their fake fight. From 10,000 to 12,000 persons paid $51,000 to see last night's bouts.

Lynch started out as if he outclassed Smith, but a right across flush on the chin sprawled the titleholder for a nine count in the second round. From then on Lynch fought carefully.

Taylor began fast against the little flyweight champion, and ended in the same manner.

HAIR STAYS COMBED, GLOSSY

"Hair-Groom" Keeps Hair Combed—Well-Groomed

Millions Use It—Fine for Hair! —Not Sticky, Greasy or Smelly

A few cents buys a jar of "Hair-Groom" at any drug store, which makes even stubborn, unruly or shampooed hair stay combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions.

Greaseless, stainless, "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains soft and pliable and so natural that no one can possibly tell you used it.—Adv.

Celina Gets New Ball Park

Celina is to have a new baseball park for games this season.

Work on the new structure at Edgewater has already been started and it is hoped that it will be completed in time for the opening game on May 13. On that date the Conns of Elkhart, Ind., will help jerk the lid off the season in a battle on the diamond with the Standards of Celina.

A band will accompany the Conns outfit and Robert Bruce, leader of one of Pershing's bands in France and his quartet will be on hand to help make it a gala occasion. The band and quartet will entertain for an hour before the game. All cushion seats have been purchased by the management and will be furnished free to fans.

Last fall several hundred dollars was given for the fixing of the grounds and as soon as weather permits the diamond and outfield will be gone over carefully.

The new stand will be U-shaped, seating 800 people. It will have a 90-foot front and 147-feet back with cable supports for the roof so that only four posts get in the way of fans who want a clear view of the field. Plans for the structure were made by DeCurtins.

The Celina Amusement Co., is backing the new ball park.

DEPAUL VS. LAKE FOREST

CHICAGO—DePaul university's baseball season opens on April 14 with a game with Lake Forest.

No Tennis Player Can Hope For Title With Volley Art

(BY VINCENT RICHARDS)

The art of volleying is nothing more than taking the ball in midcourt or up closed to the net, while it is in the air, and returning it to your opponent's court.

The greatest volleyer in the world today is "Little Bill" Johnston, the greatest natural volleyer that I have ever seen. He is a marvel on what is called shoulder-high "volleys." To feed the ball to him at that height means a sure point for the little coast marvel.

It is doubtful if a man could win the national singles championship the way the game is played today, without acquiring the art of volleying. The back-court game is fine, but one must be able to go into the net position to finish off your point or the other fellow will.

I volley with a full sweep of the racquet. Many other players employ only what is known as the block volley. Men who possess only this shot generally are without speed on their volleys. The full sweep of the arm imparts the needed speed of your volley, which is so necessary when you are at the net position.

William T. Tilden, world's greatest tennis player, is not a natural volleyer by any means. It is only the last year or two that a critic could class Tilden's volleying as first class.

Always remember to volley with a stiff wrist. Be sure to delay your execution to the last possible fraction of the second, as it keeps your opponent guessing just that much longer.

If your volleying is weak at your feet, advance closer to the net, eliminating the "half-volley" if you possibly can, as it is one of the hardest shots in the game of lawn tennis today.

The way I learned to volley was simple. I took a half dozen balls and found a brick wall and practiced hitting the ball in the air for hours at a time. I would suggest all young players to try this method in the early stages of their career.

"Nothing quite like it —so 'sweet,' so mild"

Dutch Masters strikes a balance between "too mild" and "too strong"

CIGAR smokers smoke for pleasure, and nothing else. If their cigars are too mild, there is little pleasure in them. If they are too strong, the pleasure is soon overdone.

Dutch Masters' remarkable success is due to this: Those who smoke it steadily, find it has the body which satisfies them. But they do not find, after smoking several a day, that it over-loads them. They find that it strikes a rare balance between "mildness" and "strength".

This balance is explained by the blend of choice tropical tobaccos especially imported for Dutch Masters. Dutch Masters has a combination of tobaccos you will find in no other cigar. And you will find the delightful taste of Dutch Masters is quite different from other cigars you are familiar with.

If you will try Dutch Masters cigar, keeping in mind what we have said here, you will have an interesting and exceedingly pleasant experience—and you might discover something about cigar smoking that you will appreciate.

We can't suggest a better day to start with Dutch Masters, than today.

Danger Seen In New High Records, Forbes Says

BIG GROWTH WELCOMED

Writer Only Concerned in Holding Prices Down

(BY B. C. FORBES)

NEW YORK — (Special)—Some people are becoming alarmed over the "new high records" now being attained in various lines of industrial, commercial, transportation and financial activities.

Why shouldn't we reach "new high records" here, there and elsewhere?

Do those who take fright at these manifestations of growth keep always in their minds the fundamental fact that America is growing rapidly in population and wealth, and that, therefore, the sum total of its business activities also should grow.

* * *

While I have been writing in cautionary strain regarding the boom now under way, it is not the magnitude of the business being done which makes me at all uneasy, but chiefly the pronounced rise in prices now under way and which is, naturally and inevitably, bringing about increases in wages. These increases in wages will, in turn, send costs of production higher, and higher costs of production lead to still higher wages and to still higher prices for consumers. And, of course, this process always has the same disastrous upshot.

* * *

It will be unfortunate, however, if fright be taken simply because the volume of business attains very high figures even imprecedently high figure.

Let us do all we can to hold prices down to the lowest levels consistent with the earning of reasonable profits and the payment of good wages.

If price inflation thus can be held in check, let us welcome rather than deplore evidences of broadening business.

* * *

Why shouldn't the United States of 1923 do more business than was done by the United States of a few years ago or a dozen years ago? Hasn't our population steadily risen?

* * *

In addition to the normal increase of our population thru the excess of births over deaths, the United States has gained 5,124,640 population in the last fourteen years, notwithstanding that during and since the war the annual gain has fallen to as low as 20,000.

* * *

Another point, worth keeping in mind is that the phenomenal increase in our national wealth tends to bring about a larger volume of business. The family that has an income of $5,000 or $10,000 a year spends more than the family that has an income of $1,000 or $2,000 a year. Happily there has been a large increase in the unmber of families getting more than $1,000 a year, to say nothing of the increase which has taken place in the nmber of families enjoying incomes of $5,000 and upwards.

* * *

If you will keep in mind the facts and figures here set down, you will be less inclined to become alarmed over business expansion as such. We can well stand business expansion when it is soundly and solidly built and conducted.

Only this does not relieve us from the duty and responsibility of doing everything possible to discourage disaster-breeding price expansion.

TARDY PAYERS OF INCOME TAX COMING THRU UNDER PRESSURE, MARSH REPORTS

Allen-co income tax delinquents are paying up without the formality of arrest, J. C. Marsh, deputy internal revenue collector reported Thursday. With warrants of distraint received from the Toledo office, Marsh instituted a campaign to clean up all tax evasions in the county.

Tax dodgers recognize the futility of evasion, Marsh believes. Judging from the rapidity with which offenders are meeting requests of the government to pay, all the returns should be completed this month, he stated.

The drive launched by the federal government to force payment of all taxes is based on the 1921 income tax returns. Action is being taken against those who failed to complete payments and those who failed to fill out returns.

Action by the revenue collector follows two 10 day notices to each offender and is the final federal gesture to secure the taxes. Failure to pay at this time brings about confiscation of property sufficient to cover the original tax, plus five per cent additional, with an interest rate of one per cent per month, Marsh explains.

NEW YORK — Mixed price changes took place at the opening of today's market but the main tendency appeared to be upward. The cans, equipments and a number of oils and rails, notably Royal Dutch, Pacific Oil, California Petroleum, Shell Union, Baltimore and Ohio and Great Northern preferred moved to higher ground. Wilys-Overland preferred, International Agricultural Chemical preferred and Cerro de Pasco each dropped a point and Westinghouse Electric yielded fractionally. Dupont sold a point higher.

Dupont extended its gain to two points and Auto Knitter Hosiery advanced a point in anticipation of an initial dividend in the near future. Gulf States Steel rose 1 1-4 points but most of the other gains in the industrial group were of a fractional character. Market Street Railway prior preferred advanced 1 1-2 points or reports that progress was being made in the negotiations for the sale of its properties to the city of San Francisco. International Harvester, Tobacco Products A., and American Agriculture Chemical preferred each fell back a point. Foreign exchanges opened firm. Demand sterling advanced 1-2 cent to $4.66 15-16 and French francs advanced six points to 6.56 cents.

Sustained pressure against investment railroad shares, many of which sagged 1 to 2 points, caused a highly irregular movement during the morning session. Accumulation of other shares was temporarily suspended while the market was digesting the offerings of railroad stocks. Before midday, however, the general trend became definitely upward again under the stimulus of active bidding for equipments and other industrial favorites. Market Street Railway shares were buoyant, the common rising 2 1-2 points, second preferred six and prior preferred 4 1-2. Other sharp gains includes United Railways Investment preferred 3, Mack Truck 2 3-8 to a new high and American Can, American Locomotive, Famous Players, Auto Knitter, American Water Works and Electric four per cent preferred and General Tank two each. Call money opened at 4 1-2 per cent.

MAY WHEAT GOES UP TO $1.21

European Demand Brings About Advance—Market Firm

CHICAGO — Enlarged estimates of the amount of wheat taken yesterday for Europe had a tendency to lift values in the wheat market today during the early dealings. It was said 750,000 bushels of Durum had been purchased for export and that 1,750,000 bushels of Canadian wheat had also been bought for trans-Atlantic shipment. There was talk too of damage by green bugs in Oklahoma and about continued need of rain over western Kansas. The opening which varied from unchanged figures to 1-2c higher with May $1.20 5-8 to 1.21 and July $1.17 3-4 to 1.17 7-8, was followed by numerous slight changes but all within the initial range.

Corn and oats were firm with wheat. After opening at a shade decline to a like advance May 74 7-8 to 74 7-8@75c, the corn market showed but little change.

Oats started unchanged to a shade higher, May 44 3-4 and later hardened a trifle more.

Provisions reflected an upturn in hog values.

The wheat close was firm, 1-2 to 1 1-8 net higher with May $1.21 1-2 to 1.21 5-8 and July $1.18 1-8 to 1.18 1-4.

The corn close was firm at 1-2 to 3-4 net advance, May 75 1-2 to 5-8.

DEATH WORSTED BY STORK DURING MARCH IN DELPHOS

Twenty-One Births and Nine Deaths, Record Shows

MANY REPORTS ARE DELAYED

Fourteen Boys and Seven Girls in as Many Homes

The stork scored a decisive victory over Death during March, according to vital statistics filed at the office of Dr. N. E. Brundage, Delphos health commissioner. There were 21 births and nine deaths.

Local registration of these statistics is handicapped, according to Mrs. Howard Palmer, registrar, because of failure to report them promptly. Especially is this true of births, she says. State laws require that births be reported within ten days.

Some of the records included in the report for March contain statistics left over from January and February, she declared. Deaths are more promptly reported.

The March record shows a total of 14 boys and seven girls. Boys were born to the following parents:

Mr. and Mrs. James Martin, Mr. and Mrs. Harley Bryan, Mr. and Mrs. Carl Gladden, Mr. and Mrs. Peter Kohorst, Mr. and Mrs. James Flanagan, Mr. and Mrs. John Baird, Mr. and Mrs. Edward Vonderembse, Mr. and Mrs. William Berry, Mr. and Mrs. George Wagner, Mr. and Mrs. Carl Patton, Mr. and Mrs. Richard Wreede, Mr. and Mrs. Harry Kiefer, Mr. and Mrs. Elmer Dray and Mr. and Mrs. James Shock.

Girls were born to Mr. and Mrs. William Matzen, Mr. and Mrs. Henry Best, Mr. and Mrs. Joseph Davis, Mr. and Mrs. Donald Foster, Mr. and Mrs. Vincent Rosselit, Mr. and Mrs. August Friemuth and Mr. and Mrs. B. F. Norbeck.

RICKER ROBBERY PROBE IN DELPHOS HALTED BY DELAY OF PRINT REPORT

Investigation of the attempted safe robbery at the Ricker Lumber company office, Delphos, has apparently struck a snag. Everything hinges on fingerprint photographs secured by Ima an Allen-co officers, but according to Chief of Police H. A. Kehres no report on them has been received.

The prints were sent to Toledo and other cities, he declared. The Lima officers secured finger print records of three Delphos young men suspected of having entered the office and knocked the combination off the safe.

K. C. "FOLLIES OF 1923" CAST READY AT DELPHOS

Cast for the K. of C. "Follies of 1923" is rapidly nearing perfection, according to Charles C. Cleveland, producer.

Exceptionally good talent has been secured this year, comedians and the beauty chorus. One of the features of the Follies is the Palm Beach cabaret.

A large turn-out is expected when the fun feast is presented Tuesday and Wednesday nights.

DELPHOS IS AGOG OVER PROSPECT OF BASEBALL

Delphos is agog over the prospective opening of the big baseball show, scheduled for April 17.

Baseball tickers are being installed in half a dozen places. Fans are arranging to see their favorite teams in action.

WOMAN'S LODGE PLANS DONATION FOR PARK

Plans are being made by Delphos Catholic Ladies of Columbia to assist in the drive for funds with which to promote the new city park. It is proposed to make a cash contribution of $50 during the community fair which will be given for park aid purposes, April 18 and 19 at St. John's auditorium.

WET WEATHER DELAYS STREET GRADING WORK

Rainy weather is militating against a street grading program proposed by Service Director Ed Spellman to place Delphos' unpaved thorofares in condition.

Spellman lined up his help, but found no grader available. He secured a tractor to pull the grader and several men in addition to Isaac Fosnaught, regular street repairman.

TEAM GETS EQUIPMENT

Complete equipment for the Delphos high school baseball team arrived Thursday, according to Coach Eugene Gorrell. Some of the equipment was ordered thru local dealers, while a part of it was purchased from out-of-town jobbers

PLAYERS ARE CHOSEN FOR DELPHOS HI TEAMS

Tentative selection of players to represent Delphos high school in base ball this season has been announced by Coach Eugene Gorrell, who declared Wednesday night the Red and Green is ready to meet Ohio City Friday, but that the opening game is very much in doubt, because of cold and damp weather.

The Red and Green team will have two batteries. Holmes and Planer are the moundsmen, Eich and Judkins the retrievers.

Definite selections for infield and two of the outfield positions have been made as follows: Lisk, 1b; Shaffer, 2b; Evans, ss; Kiggins, 3b; Spellman lf and Bigelow, cf. Sherrickand McDonald are available for the sub garden.

The team has been able on only a few occasions to practice, because of weather conditions.

RAIN BLINDS DRIVERS, DELPHOS AUTOS COLLIDE

Two Ford sedans crashed together at the corner of Main and Fifth-sts at 7 p. m. Wednesday, damaging the front of both machines. No one was injured.

One car was in charge of G. F. Kaufman, 451 S. Main-st and Cressy Rupert, 610 W. Clime, was driving the other machine.

According to eye witnesses, Rupert was traveling north on Main-st, and Kauffman was going east on Fifth-st at the time of the accident. Heavy rain falling, obscuring drivers' vision, was given as the cause of the accident.

DELPHOS FIREMEN TO ATTEND CONVENTION

Members of the Delphos volunteer fire department decided at a meeting Wednesday night to attend the annual convention of the Northwestern Ohio Volunteer Firemen's association June 21, at Van Wert.

Details will be mapped out later. Owing to close proximity of Delphos to the convention city, a large delegation will attend.

CONTRACTOR READY FOR COLLETT-ST PAVING WORK

Grading of Collett-st from Elm to Spring-st, the first step toward paving, will begin as soon as weather permits, it was said at city hall Thursday. The Andrews Asphalt Paving company, which holds the contract, has placed a steam shovel on the ground ready to begin work at the earliest moment.

Paving of all 14 streets for which contracts were recently let will be completed about August 1, officials said.

The probable order in which the projects will be taken up, subject to variation, follows:

Grand-av near Metcalf; Central, Ottawa to Kibby-st; Fairview, Carlisle to Sugar; Albert, Harrison to Sugar; Dingledine, Harrison to Calumet; Linden, Harrison to the D. T. & I. railroad; Kenilworth, Allentown road to north corporation line; Wayne, Allentown to Glenwood; Woodlawn, Market to High; Ohio, Metcalf to McDonel; Atlantic, Ottawa-st to Ontario; Baxter, from Pennsylvania railroad to Ewing-av.

AUGLAIZE FARMER HELD GUILTY IN LIQUOR CASE

Theodore May, Wayne-tp, Auglaize-co farmer, was found guilty of possessing materials and equipment for the manufacture of illicit liquor, after a second trial before Mayor William Wiswell of Waynesfield.

May claimed that the "material" officers found under a straw stack was hog feed. Officers believe dit was mash for making liquor.

He appealed from a decision of guilty returned last year by the late mayor, Rev. J. E. Bailey, who fined him $500. A new trial was ordered because of a technicality. After the last trial he filed a motion for a new trial and sentence was suspended.

SEARCH WITHOUT WARRANT IS UPHELD BY COURT

DELPHOS MAN MAY DIE OF INJURIES

Peter Fuerst Hurried to Operating Room at Hospital

Peter Fuerst, 20, Delphos railroad man, injured when his train, a T. St. L. & W. Railroad extra freight crashed into a "drag" on the terminal line, at Wildwood-blvd and Yaryan-dr, Toledo, was taken to the operating room at St. Vincent's hospital, Toledo, Thursday morning, after a sudden turn for the worse, according to information received by his relatives. Attending surgeons declared that an immediate operation was necessary to save his life.

Information received in Delphos since the accident was to the effect that Fuerst was injured painfully but not seriously, his hurts consisting of a broken left lef, fractured shoulder and three broken ribs.

Word that internal injuries had developed and little hope was being held out for his recovery, came as a sudden shock to members of his family. They left immediately for Toledo.

Arthur W. Thomas, 58, Delphos, engineer on the ill-fated train, was reported to be rapidly recovering Thursday. He is also confined to St. Vincent's hospital.

A verdict had not been returned Thursday noon by the coroner, fixing the blame for the accident. Crews of both freight trains were summoned to attend the inquest Thursday on the death of John F. Flickinger, 51, Toledo, who was unable to escape from the wreckage and burned to death.

WIFE SOLD FURNITURE ENGINEER GETS DIVORCE

Alexis Craycroft, 29, engineer at the Ohio Steel Foundry company, was divorced from Mrs. Jessie Craycroft, now a Louisville, Ky., resident, at the hearing held before Judge Fred C. Becker Thursday. Gross neglect was shown, the court held.

Prior to leaving the city Mrs. Craycroft advertised and sold all of the household furniture, testimony showed. The defendant did not appear to contest the action. She has been receiving temporary allimony under a court order for the past six months.

The matter of a future settlement was left open by the court. Craycroft was a defendant sometime ago in paternity charges filed by Anna Huber, N. Jackson-st, before Justice W. H. Guyton.

Mac Bue of Spencerville tells this one "My uncle was lighting his pipe one evening when my aunt glanced up from her knitting and said: "Jesse, do you know that next Sunday will be the seventh anniversary of our wedding?" "You don't say so Gladys", responded Uncle Jesse, pulling vigorously at his corn-cob pipe, "what about it?" "Nothing", answered auntie, "only I thought maybe we ought to kill them two Rhode Island Red Chickens. "But Gladys, demanded uncle Jesse, 'how can you blame them two Rhode Island Reds for what happened seven years ago'"

Think of it! Five minutes after getting the ingredients together, your Cake can be in the oven—butter and sugar thoroughly creamed—dough wonderfully mixed and everything. How long does it take you to do it by hand—and don't forget you can't do it as well that way.

That's just one little example of the Magic the Kitchen Aid performs. It gives every woman Kitchen Confidence and Assurance she has never before felt. It guarantees Quick Success in everything she tackles—and it saves her Hours of Time and Loads of Hard, Unnecessary Work. Further, it yields lighter, fluffier, Better Quality food than can possibly be hoped for when prepared by hand.

Welcome

Welcome to the Kitchen Aid
With its many uses,
Now no longer will the maid
Redden with excuses
For the failures that she makes,
Doughnuts, Pies and Custard,
Everything she cooks and bakes
Will come "up to Mustard."
